I. CONTRACTING AUTHORITY

Court of Justice of the European Union ('the Court of Justice).

II. DESCRIPTION OF THE CONTRACT**1. Title of the contract**

Supply of subscriptions to specialised periodicals.

2. Subject matter of the contract

The objective of this contract is the conclusion of in cascade framework contracts for the supply of subscriptions permitting access to the contents of specialised periodicals, excluding general daily newspapers, in paper format or in paper and electronic formats, and related services.

The term 'periodical' means any title that is published regularly (daily, weekly, fortnightly, monthly, quarterly, annual, etc.), with particular regard to the specific character of the library of the Court of Justice, in the field of law.

The term 'issue' means each part (fascicle, journal, volume, part, etc.) of a periodical that is sequentially published. Each annual subscription to a periodical shall include the supply of a certain number of issues of that publication according to the frequency of publication (one issue, for yearbooks; two issues for six-monthly periodicals, etc.).

All the periodicals concerned shall be supplied in paper format. In the event that a periodical also exists in electronic format, access to the electronic format shall be included in the service to be provided, unless specifically stated otherwise in the lots.

3. General Principles**a. Duration**

The Library Directorate of the Court of Justice ('the Library Directorate') seeks to conclude multiple in cascade framework contracts for a duration of one year, renewable three times for periods not exceeding one year, for the supply of subscriptions to the specialised periodicals in paper format or in paper and electronic formats. The Court of Justice expressly reserves the right not to renew those contracts.

b. Legal Basis

This call for tenders is based on the following regulations and rules:

Financial Regulation ('FR') - Regulation (EU, Euratom) No 966/2012 of the European Parliament and of the Council of 25 October 2012 on the financial rules applicable to the general budget of the Union, as

last amended by Regulation (EU, Euratom) No 2015/1929 of the European Parliament and of the Council of 28 October 2015;¹

Rules of application ('RAP') – Commission Delegated Regulation (EU) No 1268/2012 of 29 October 2012 on the rules of application of Regulation (EU) No 966/2012 of the European Parliament and of the Council on the financial rules applicable to the general budget of the Union² as amended by Delegated Commission Regulation (EU) No 2015/2462 of 30 October 2015 (OJ L 342 of 29.12.2015, p.7)³

c. Procurement procedure

The present procurement procedure is an open procedure under Article 104(2) FR.

This call for tenders is intended to be competitive. Any tenderer that attempts to obtain confidential information, to enter into unlawful agreements, to collude with or make arrangements with other contracting parties, to seek the support of staff of the Court of Justice or to influence the evaluation committee or any of its members in any way whatsoever during the procurement procedure, shall be excluded from this procedure.

d. Operation of the framework contract

The contract shall be awarded by separate lots, to a maximum of 3 economic operators per lot (in cascade framework contracts).

The framework contracts shall enter into force as from 1 September 2016 if the contracts have been signed by the contracting parties before that date. Performance may in no event commence before the date when the framework contracts enter into force. Delivery of the periodicals may in no event commence before the date when Purchase Orders enter into force.

In accordance with the modus operandi of in cascade framework contracts, for each specific order, the Library Directorate will contact the first-ranked contractor, and, in the event of that party not being available, for reasons not entailing termination of the contract, the second-ranked, then, if required and on the same conditions, the third-ranked.

The tenderer awarded the contract must, on the date of signature of the contract, be in compliance with the current legislation.

4. Division in lots

The contract shall be divided into 31 different lots according to the countries of publication or distribution of the periodicals, as follows:

¹ A consolidated and updated version of the FR is available at <http://eur-lex.europa.eu/legal-content/EN/AUTO/?uri=CELEX:02012R0966-20160101>

² The text of this regulation is available at <http://eur-lex.europa.eu/legal-content/EN/TXT/?uri=CELEX:32012R1268>

³ The text of this regulation is available at <http://eur-lex.europa.eu/legal-content/EN/TXT/?qid=1453973691558&uri=CELEX:32015R2462>

LOT 1	AT	Austria
LOT 2	BE	Belgium
LOT 3	BG	Bulgaria
LOT 4	CA	Canada
LOT 5	CH	Switzerland
LOT 6	CY	Cyprus
LOT 7	CZ	Czech Republic
LOT 8	DE	Germany
LOT 9	DK	Denmark
LOT 10	EE	Estonia
LOT 11	ES	Spain
LOT 12	FI	Finland
LOT 13	FR	France
LOT 14	GB	United Kingdom
LOT 15	GR	Greece
LOT 16	HR	Croatia

LOT 17	HU	Hungary
LOT 18	IE	Ireland
LOT 19	IT	Italy
LOT 20	LT	Lithuania
LOT 21	LU	Luxembourg
LOT 22	LV	Latvia
LOT 23	NL	Netherlands

LOT 27	RO	Romania	€ 15 000
LOT 28	SE	Sweden	€ 20 000
LOT 29	SI	Slovenia	€ 35 000
LOT 30	SK	Slovakia	€ 7 000
LOT 31	US	United States	€ 40 000
TOTAL 31 LOTS			€ 2 250 000

Those estimates do not commit the contracting authority to make any purchase.

III. TECHNICAL SPECIFICATIONS

The technical specifications are the minimum requirements that must be satisfied if the tender is to be found to be in order. Failure to comply with the technical specifications will necessarily entail rejection of the tender.

1. General information

The contract is for the supply of subscriptions to specialised periodicals in paper format or in paper and electronic formats for a period of one year. The framework contracts may be renewed for additional periods on the terms stated in Section ‘II.3.a. Duration’.

The languages of communication for the performance of the contract are French and/or English.

2. Current subscriptions

The Court of Justice may request that contracting parties supply subscriptions to publications for which the Court holds a subscription in 2015 (‘current subscriptions’). For that purpose, the Court shall send to the contractor a Purchase Order on the basis of the financial conditions of the latter’s tender (or, where appropriate, as from the second year, prices revised in accordance with the provisions of Section ‘V. REVISION PRICES’).

The current subscriptions are listed in Annexes 5 and 6. That list includes the titles of the periodicals published in the various countries covered by the 31 lots of the contract. With respect to some periodicals, a number of copies may be ordered.

As a general rule, the Court of Justice purchases a paper copy, where the periodical exists in paper format, supplemented, in certain cases, by electronic access (see the details, with respect to each periodical, in Annexes 5 and 6). The Court of Justice reserves however the right to choose the format(s) that meets its needs.

Tenderers are obliged to submit a tender for the supply of at least 60% of the current subscriptions per lot (in the formats laid down) listed for guidance in Annex 6 to the Tender specifications. Failure to comply with that condition will necessarily entail the rejection of the tender as being not in order.

3. New subscriptions

The Court of Justice may request that contracting parties supply subscriptions to periodicals that are not listed on the list of current subscriptions ('new subscriptions'). The price of the new subscriptions must be calculated by applying the percentage in relation to the publisher's list price stated by the tenderer in its economic tender (Annex 5).

The contractor shall submit a tender price for the new subscriptions requested, accompanied by documentary evidence of the publisher's list price with respect to those subscriptions, within 5 working days from the date of the request. If that time limit is not complied with, the Court of Justice reserves the right to place an order with the next-ranking contractor for the same lot, by mere notification to the contractor.

In the event of agreement by the parties on the financial conditions and the time limits for performance, the Court of Justice shall send to the contractor a Purchase Order on the basis of the agreed terms.

4. Annual renewal of subscriptions

After the first year of the contract, the Court of Justice shall send to the contractor, in September of the year N, requests for renewals of ongoing subscriptions in that year that the Court seeks to renew for the year N+1.

The contractor shall have a period of 20 working days to reply to the requests for renewal, stating whether it is in a position to supply subscriptions for the year N+1 to the periodical publications concerned by those requests.

In the event that the reply of the contractor is negative, the Court of Justice may place an order, for the subscriptions concerned, with the next-ranked contractor in the same lot.

The Court of Justice may cancel, merely by giving notice to the contractor, the requests for renewal with respect to which the abovementioned time limit for reply has expired. The Court of Justice may then place an order, for the subscriptions concerned, with the next-ranked contractor in the same lot.

5. Purchase orders

The Court of Justice shall send to the contractor a Purchase Order in duplicate, on the basis of the financial conditions agreed with respect to the periodical(s) concerned.

Within a period of 5 working days from the date of receipt of the Purchase Order, the contractor must send back to the Court of Justice one original of the Purchase Order, duly signed and dated.

6. Time allowed for delivery

The time limits for delivery that must be complied with shall vary according to the frequency of publication of the periodicals, as follows:

Frequency that is weekly or more often (at least 1 issue published per week): **D+2 weeks** for all lots.

Frequency of publication that is less often than once per week (fortnightly, monthly, quarterly, etc.): at the latest **D+4 weeks** for all lots.

Day D: the date of publication of an issue of a periodical in its country of publication.

7. Date of commencement

The date of commencement of the subscription to a periodical shall be the date specified on the Purchase Order, which the contractor will have previously have confirmed.

8. Electronic Access

Clause coupling paper format and electronic format :

In cases where a periodical also exists in electronic format, the contractor must be in a position also to offer subscription to that format. If the contractor, for whatever reason, is not in a position to ensure that the Court of Justice has access to the electronic content, the Court of Justice reserves the right:

to request the cancellation of that subscription,

to request reimbursement, and

to obtain the subscription by other means, either directly from the publisher, or otherwise.

In the event that electronic access to the content of a periodical is technically incompatible with the IT network of the Court of Justice, the Court reserves the option of altering the format in which it seeks to obtain that periodical.

9. Places of delivery

The periodicals are to be delivered to the building of the Court of Justice housing its library, in Luxembourg.

The address will be notified on the Purchase Order and may be altered as decided by the Court of Justice.

10. Packaging and labelling of parcels

Parcels shall be packed in such a way that their packaging will ensure that they are protected against, inter alia, adverse weather and damage through handling.

The contractor shall ensure that the labelling conforms in all respects with the requirements of the department and shall be able, promptly, to alter the labelling on the instructions of that department.

The following information in the labels is mandatory:

Name of the addressee or Department

Building and Office

Postal Address

11. Receipt of periodicals

The contractor shall undertake to take all measures necessary to ensure delivery of issues of the periodicals ordered within the time limits set in Section 'III.6. Time allowed for delivery', and in accordance with the conditions laid down in the technical specifications.

Receipt of delivery issued by the Court shall constitute mere acknowledgement of the delivery of periodicals, and not an acknowledgement that they comply with the Purchase Order.

12. Liability of the contractor in the event of delivery delay or failure

12.1. Failure to comply with time limits for delivery

In the event of delay in the delivery of an issue, the Court of Justice shall send a complaint to the contractor. The contractor must reply to the complaint within a period of 5 working days.

If the issue concerned is not delivered to the Court of Justice in the format that is the subject of the complaint within a period of 15 calendar days from the date of the first complaint, when it has been published before that date, the Court of Justice shall send a second complaint to the contractor. The latter shall be bound to compensate the Court of Justice to the amount of 1% of the price of the issue concerned per calendar day of delay from the date of the second complaint, in accordance with the provisions of Article II.11 of the framework contract.

If the issue concerned is not delivered to the Court of Justice in the format that is the subject of the complaint within a period of 15 calendar days from the date of the second complaint, without prejudice to the provision of compensation for delay set out in the preceding paragraph, the Court of Justice may, after giving formal notice to the contractor requiring delivery within an additional period, obtain from a third party the issue that was not delivered. In that case, the contractor must compensate the Court of Justice for the amount of the price, including all costs, paid by the Court of Justice for the issue that was not delivered. The compensation for delay set out in the preceding paragraph shall be payable until the final day of the additional period for delivery granted to the contractor in the formal notice.

If non-compliance with the time limits for delivery affects more than 25% of the issues of an annual subscription for one and the same periodical, and without prejudice to the application of the measures provided for in the preceding paragraphs, the Court of Justice may terminate the Purchase Order relating to that subscription and demand compensation for all damages caused in accordance with Article II.13.3 of the framework contract. That compensation shall include, inter alia, reimbursement of additional costs incurred by the Court of Justice in order to obtain from a third party the issues not delivered by the contractor, as a consequence of termination of the contract.

If non-compliance with the time limits for delivery affects, wholly or partly, in the course of a year, 10% or more of the subscriptions ordered from a contractor, and without prejudice to the application of the measures provided for in the preceding paragraphs, the contractor shall be bound to pay to the Court of Justice an indemnity by way of compensation amounting to 5% of the total price paid by the Court of Justice for the subscriptions concerned.

12.2 Delivery of a defective issue

In the event of delivery of a defective issue, the Court of Justice shall send a complaint to the contractor. The latter shall be bound to repair the defect at its own expense or to replace the issue within a reasonable period of time. The provisions set out in Section 12.1 shall apply.

12.3 Non-publication or late publication of the publications

Non-publication or late publication by the publisher of a periodical shall constitute cases of force majeure such as to justify suspension by the contractor of performance of all or part of a Purchase Order, under Article II.12 of the framework contract.

In any event, the Court of Justice may terminate the Purchase Order with respect to the issue or issues publication of which has been delayed by more than eight months in relation to the date of delivery specified in the Purchase Order.

13. Management of subscriptions and basic services

The contractor shall provide to the library of the Court of Justice a service for monitoring subscriptions in the form of a web management portal (or other equivalent means), aimed at providing information on the range of subscriptions held by the Court of Justice, including the matters provided for in the tender specifications, the aim being to ensuring transparency and easy access to information.

That service will be the main tool for the management of subscriptions to periodicals and yearbooks, made available to the person(s) designated as administrator(s) on behalf of the Court of Justice.

That service must provide at least the following information for each subscription ordered:

- The title and the ISSN number of the periodical;
- The period of subscription: commencement date and end date;
- Annual price for the subscription (customer price), calculated in accordance with Annex 5

- Where necessary, the manner in which the content of the periodical publication is accessible by electronic means;
- The number of issues with respect to each periodical;
- The publication timetable with respect to each periodical;
- The notification to the Court of Justice of bibliographical changes;
- The number of the Court of Justice's Purchase Order
- Where necessary, the publisher's subscription reference number
- The tracking number of each package

The contractor must be able to provide, without additional costs, at the request of the Court of Justice, an export of the data listed above. The export will be provided in the form of an Excel file or similar.

The contractor must be able to make available to the Court of Justice a service making it possible to effect, on contact by telephone, email or fax:

- any change of address;
- any reimbursement (e.g. because of failures to deliver) or payment of an indemnity by way of compensation;
- any request for information or for the monitoring of operations and accounts in general;
- maintenance and helpdesk with respect to electronic access.

The tender of the contractor must specify the contact person(s) (with his or her contact details) that is/are specifically responsible for replying to requests and questions of the Court of Justice.

Such contact will be made in French and/or English.

14. Minimum requirements

Tenders must comply with the legal obligations in the fields of environmental law, social law and labour law, established by European Union law, national law, collective agreements or by international conventions applicable in the fields of social and environmental law listed in Annex X to Directive 2014/24/EU of the European Parliament and of the Council of 26 February 2014 on public procurement and repealing Directive 2004/18/EC.⁴

⁴ The text of this directive is available at <http://eur-lex.europa.eu/legal-content/EN/TXT/?qid=1454410617190&uri=CELEX:32014L0024>

15. Environmental provisions

1. The tenderer awarded the contract shall comply with all applicable environmental legislation and all the environmental specifications required by the Tender specifications or provided for in its tender.
2. The Court of Justice envisages the application of the EMAS environmental management system ('the EMAS system') provided for by Regulation (EC) No 1221/2009 of the European Parliament and of the Council of 25 November 2009 on the voluntary participation by organisations in a Community eco-management and audit scheme (EMAS), repealing Regulation (EC) No 761/2001 and Commission Decisions 2001/681/EC and 2006/193/EC (OJ L 342 of 22.12.2009, p. 1).

In the contract field, the successful tenderer will cooperate with the Court of Justice to achieve the implementation of the EMAS system, in particular by supplying information relating to the contract field required for the drafting and updating of the documents provided for by Regulation No 1221/2009 and for the regular evaluation of the system. The successful tenderer will take all measures necessary to ensure compliance with the Court of Justice's environmental policy (Annex 7).

3. In particular, the successful tenderer must:

- (a) ensure that the environmental policy, and the sections of the environmental programme and environmental manual of the Court of Justice applicable to the contract, are known to all its staff (including, where necessary, the staff of its subcontractors) responsible for performance of the contract. Those documents will be drafted within the framework of the future EMAS system;
- (b) ensure that all members of its staff (including, where necessary, the staff of its subcontractors) responsible for performance of the contract are competent and have obtained the appropriate professional training required (technically, and in terms of safety and the environment) concerning compliance with safety rules, correct operation of equipment and products to be used, including action to be taken in cases of incorrect handling or any other incidents;
- (c) provide, at the request of the Court, certificates relating to the competence and training referred to in paragraph (b) above;
- (d) inform, at the request of the Court of Justice, its staff of the environmental measures to be taken with respect to products used in the performance of the contract;
- (e) replace a subcontractor that does not comply with the abovementioned obligations.

16. Social Provisions

The successful tenderer and, where appropriate, its sub-contractors, shall comply with the applicable obligations in the fields of social and labour law established by European Union law, national law, collective agreements or by international conventions applicable in the fields of social and labour law listed in Annex X to Directive 2014/24/EU.

The successful tenderer must replace a sub-contractor that does not comply with the abovementioned obligations.

By the fact of submitting a tender, tenderers certify that they ensure compliance with the abovementioned obligations.

Failure to comply with those obligations will necessarily entail rejection of the tender.

IV. PRICES AND INVOICING.

The sums to be paid under the contract shall be specified in the currency (euro or local currency) used for the submission of the tender. All payments relating to the contract are to be made in accordance with the arrangements fixed in Article I.5 of the framework contract.

The Purchase Orders must be invoiced separately.

The contractor may invoice the price agreed for each annual subscription after the conclusion of the purchase related thereto with the publisher (a firm order from the contractor and acceptance of that offer by the publisher). Transmission of the invoice for an annual subscription is the equivalent of a solemn declaration by the contractor confirming the conclusion of a purchase from the publisher. The Court nonetheless reserves the right to request, before payment of an invoice, documentary evidence of the conclusion of the abovementioned contract.

V. REVISION OF PRICES

The contractor may submit, until 20 November of the year N, a request in writing for the revision of the prices to be charged for the year N+1.

As regards prices charged for current subscriptions, prices will be revised taking into consideration any increase in publishers' prices and/or delivery charges for the year N+1. The revision of prices will be restricted to the increase made to subscription prices by publishers and/or the increase in delivery charges, exclusive of VAT in both cases.

As regards prices charged for new subscriptions, the revision of prices will be restricted to the application of the percentage in relation to the publisher's list price tendered by the contractor to the publisher's new list price, exclusive of VAT in both cases.

The contractor shall provide, within the abovementioned request in writing, details of the calculation of the revision of subscription prices and the relevant supporting documents. The Court of Justice will accept the revision of prices after verification of the factors referred to in the request.

After the second year, the Court of Justice may also propose, until 20 November of the year N, the revision of prices taking into consideration any reduction, for the year N+1, in the publishers' subscription prices and/or delivery charges (with respect to prices for current subscriptions) or in the publisher's list price (with respect to prices for new subscriptions). Before adopting a decision on that matter, the Court

of Justice will give the contractor the opportunity to submit observations on the supporting documents relied on by the Court.

With the agreement of the Court of Justice and on renewal of the contract, the new prices shall apply from the date of the first purchase for the year N+1. Orders shall be placed on the basis of the prices charged on the date of the commencement of the subscription. Those prices shall be fixed for the duration of the order.

VI. CONDITIONS OF PARTICIPATION

1. Access to the procurement procedure. General provisions

Participation in this call for tenders shall be open on equal terms to all natural and legal persons as defined in the European Union Treaties and to all natural and legal persons established in a third country that has a special agreement with the European Union in the field of public procurement under the conditions laid down in that agreement. Participation is also open to international organisations.

Tenderers must indicate the State in which they are established and submit the required evidence of that matter according to the law of that State.

2. Cooperation of a number economic operators for participation in the call for tenders

A number of economic operators may cooperate in order to participate in the call for tenders either by the submission of a joint tender as a group, or by the use of subcontracting. The two approaches may be combined.

In all cases, the tender must very clearly specify whether each of the economic operators involved in the tender is acting as a member of the group (joint tender) or as a subcontractor (this also applies where the companies involved belong to the same group or where one of those companies is the parent company of the others).

2.1. Joint tender

A joint tender exists when a tender is submitted by a group of economic operators.

The economic operators who are members of the group shall submit in this case a single tender relating to a single contract. The tender shall be signed by each member of the group or by one of the members of the group duly mandated in writing by the other group members (a copy of the mandate must be annexed to the tender) to bind the group.

The tender shall indicate the member of the group that will represent all the members of the group in dealings with the Court of Justice ('lead tenderer'). The tender must describe how their cooperation will be organised in order to achieve the desired results and the organisation of the technical, administrative and financial aspects.

If the contract is awarded to that group:

- the Court of Justice shall sign the framework contract either with all members of the group or with the member duly authorised by the other members to sign on their behalf by a power of attorney and
- each member of the group shall be jointly and severally liable to the Court of Justice for the performance of the framework contract.

2.2. Use of subcontracting

It is open to tenderers to submit tenders proposing subcontractors. Subcontracting exists where the tenderer proposes that, if awarded the contract, part of the framework contract will be performed by a third party ('subcontractor'). In particular, any work performed by an expert who is not an employee of the tenderer will be deemed to be subcontracting.

In such cases, the Court of Justice will have no direct legal relationship with the subcontractors whom, as the case may be, the contractor uses and the contractor shall remain solely and fully liable for the performance of the framework contract. During performance of the framework contract, the contractor must obtain the prior written authorisation of the Court of Justice before replacing a subcontractor and/or causing to be performed by third parties tasks which the tender does not specify may be performed by a subcontractor.

Tenderers must supply information on the part of the contract which, as may be, they intend to subcontract and on the identity of the subcontractors.

VII. EXCLUSION AND SELECTION OF TENDERERS

The tenderers and the tenders shall be assessed in three stages:

- (1) Exclusion of tenderers
- (2) Selection of tenderers
 - (a) Economic and financial capacity
 - (b) Technical and professional capacity
- (3) Evaluation of tenders
 - (a) Technical evaluation
 - (b) Financial evaluation

Only tenders meeting the requirements of one stage will be taken into consideration at the next.

All information will be evaluated by reference to the criteria specified in this section with respect to the exclusion and selection of tenderers and to the specific criteria in the following section with respect to the evaluation of tenders.

The evaluation will be based on the tender and on the replies of tenderers in the mandatory reply forms. Tenderers must produce all necessary supporting documents. To that end, it is mandatory that tenderers use the model reply forms provided in the Annexes to this document.

Further, the Court of Justice reserves the right to take into account any other information obtained from public or specialised sources.

1. Exclusion criteria (Articles 106 and 107 FR)

1.1. Exclusion under Article 106 FR

1.1.1. Exclusion situations

In accordance with Article 106(1) FR, the Court of Justice shall exclude an economic operator from participation in the procurement procedures governed by Article 106 FR in the following cases :

- a) the economic operator is bankrupt, subject to insolvency or winding-up procedures, where its assets are being administered by a liquidator or by a court, where it is in an arrangement with creditors, where its business activities are suspended, or where it is in any analogous situation arising from a similar procedure provided for under national laws or regulations;
- b) it has been established by a final judgment or a final administrative decision that the economic operator is in breach of its obligations relating to the payment of taxes or social security contributions in accordance with the law of the country in which it is established, with those of the country in which the contracting authority is located or those of the country of the performance of the contract;
- c) it has been established by a final judgment or a final administrative decision that the economic operator is guilty of grave professional misconduct by having violated applicable laws or regulations or ethical standards of the profession to which the economic operator belongs, or by having engaged in any wrongful conduct which has an impact on its professional credibility where such conduct denotes wrongful intent or gross negligence, including, in particular, any of the following:
 - i) fraudulently or negligently misrepresenting information required for the verification of the absence of grounds for exclusion or the fulfilment of selection criteria or in the performance of a contract;
 - ii) entering into agreement with other economic operators with the aim of distorting competition;
 - iii) violating intellectual property rights;
 - iv) attempting to influence the decision-making process of the contracting authority during the procurement procedure;
 - v) attempting to obtain confidential information that may confer upon it undue advantages in the procurement procedure;

- d) it has been established by a final judgment that the economic operator is guilty of any of the following:
- i) fraud, within the meaning of Article 1 of the Convention on the protection of the European Communities' financial interests, drawn up by the Council Act of 26 July 1995;⁵
 - ii) (ii) corruption, as defined in Article 3 of the Convention on the fight against corruption involving officials of the European Communities or officials of Member States of the European Union, drawn up by the Council Act of 26 May 1997, and in Article 2(1) of Council Framework Decision 2003/568/JHA,⁷ as well as corruption as defined in the law of the country where the contracting authority is located, the country in which the economic operator is established or the country of the performance of the contract;
 - iii) (iii) participation in a criminal organisation, as defined in Article 2 of Council Framework Decision 2008/841/JHA;⁸
 - iv) (iv) money laundering or terrorist financing, as defined in Article 1 of Directive 2005/60/EC of the European Parliament and of the Council;⁹
 - v) (v) terrorist-related offences or offences linked to terrorist activities, as defined in Articles 1 and 3 of Council Framework Decision 2002/475/JHA,¹⁰ respectively, or inciting, aiding, abetting or attempting to commit such offences, as referred to in Article 4 of that Decision;
 - vi) vi) child labour or other forms of trafficking in human beings as defined in Article 2 of Directive 2011/36/EU of the European Parliament and of the Council;¹¹
- e) the economic operator has shown significant deficiencies in complying with main obligations in the performance of a contract financed by the budget, which has led to its early termination or to the

application of liquidated damages or other contractual penalties, or which has been discovered following checks, audits or investigations by an authorising officer, the European Anti-Fraud Office (OLAF) or the European Court of Auditors;

- f) it has been established by a final judgment or final administrative decision that the economic operator has committed an irregularity within the meaning of Article 1(2) of Council Regulation (EC, Euratom) No 2988/95¹².

Further, in accordance with Article 106(4) FR, the Court of Justice shall exclude an economic operator from participation in the abovementioned procurement procedures:

- where a person who is a member of the administrative, management or supervisory body of that economic operator, or who has powers of representation, decision or control with regard to that economic operator, is in one or more of the situations referred to in points (c) to (f) above ;
- where a natural or legal person that assumes unlimited liability for the debts of that economic operator is in one or more of the situations referred to in points (a) or (b) above.

1.1.2. Exclusion on the basis of a preliminary classification in law

In the absence of a final judgment or, where applicable, a final administrative decision, the Court of Justice shall, under the conditions laid down in Article 106(2) and (6) FR, also exclude from participation in the procurement procedures governed by the FR an economic operator whose conduct is covered by section 1.1.1 (c),(d), (e) and (f) on the basis of a preliminary classification in law that the Court has itself made having regard to, inter alia the following facts:

- facts established in the context of audits or investigations carried out by the European Court of Auditors, OLAF or internal audit, or any other check, audit or control performed under the responsibility of the authorising officer;
- non-final administrative decisions which may include disciplinary measures taken by the competent supervisory body responsible for the verification of the application of standards of professional ethics;
- decisions of the European Central Bank, the European Investment Bank, the European Investment Fund or international organisations;
- decisions of the Commission relating to the infringement of the Union's competition rules or of a national competent authority relating to the infringement of Union or national competition law.

¹² Council Regulation (EC, Euratom) No 2988/95 of 18 December 1995 on the protection of the European Communities financial interests ([OJ L 312 of 23.12.1995, p. 1](#))

1.1.3. Cases of non-exclusion and remedial measures

The Court of Justice shall not exclude an economic operator that is in one of the exclusion situations referred to in section 1.1.1 above, in the cases and under the conditions specified in Article 106(7) and (8) FR.

In particular, the Court of Justice shall not exclude an economic operator that is in one of the exclusion situations referred to in section 1.1.1 above [other than that referred to in section 1.1.1. (d) above] where the economic operator has taken remedial measures, thus demonstrating its reliability, such as, *inter alia*:

- measures to identify the origin of the situations giving rise to exclusion and concrete technical, organisational and personnel measures within the relevant business area of the economic operator, appropriate to correct the conduct and prevent its further occurrence;
- measures to compensate or redress the damage or harm caused to the Union's financial interests by the underlying facts giving rise to the exclusion situation;
- payment or security for payment of any fine imposed by a competent authority or of any taxes or social security contributions referred to in section 1.1.1.(b) above

1.1.4. Exclusion decision

The decision to exclude an economic operator from participation in the procurement procedures governed by the FR in the situations referred to in sections 1.1.1 and 1.1.2. above shall be adopted by the Court of Justice within the limitation period laid down in Article 106(15) FR.

The Court of Justice shall determine the duration of the exclusion and the conditions for publication of the exclusion decision in accordance with the respective provisions of (i) Article 106(3) and (14) FR and (ii) Article 106(16) FR.

1.2. Rejection of the tenderer under Article 107 FR

The Court of Justice shall not award a contract for this procurement procedure to an economic operator who:

- a) is in an exclusion situation established in accordance with Article 106 FR (see sections 1.1.1. and 1.1.2. above)
- b) has misrepresented the information required as a condition for participating in the procedure or has failed to supply that information;
- c) was previously involved in the preparation of procurement documents, where this entails a distortion of competition that cannot be remedied otherwise.

Before taking a decision to reject the tender of an economic operator from this call for tenders, the Court of Justice shall give that operator the opportunity to submit its observations, unless the rejection has been justified on the basis of section (a) above by an exclusion decision taken with regard to the economic operator, following an examination of its observations.

1.3. Evidence of absence of an exclusion or rejection situation

1.3.1. Declaration on honour

The tenderer must sign and annex to its tender the declaration on honour provided in Annex 4, attesting that it is or is not in one of the exclusion situations referred to in section 1.1.1. above or in one of the rejection situations referred to in section 1.2. above, and, where applicable, that it has taken the remedial measures referred to in section 1.1.3. above.

The tenderer shall supply, where applicable, the same declaration signed by an entity on whose capacity it intends to rely in order to meet the selection criteria, and also by its subcontractors.

The tenderer must replace an entity on whose capacity it intends to rely or a subcontractor that is in an exclusion situation.

1.3.2. Evidence that may be requested from the tenderers in certain circumstances

At the request of the Court of Justice, and where necessary to ensure the proper conduct of the procedure, the tenderer and, where applicable, the entity on whose capacity it intends to rely in order to meet the selection criteria shall supply:

- a) the declaration on honour provided in the updated Annex 4;
- b) evidence that the tenderer or the entity are not in one of the exclusion situations referred to in section 1.1.1. above ;
- c) information on the individuals who are members of the administrative, management or supervisory bodies of the tenderer or the entity or who have powers of representation, decision or control with regard to that tenderer or that entity and evidence that one or more of those individuals are not in one of the exclusion situations referred to in section 1.1.1 (c) to (f);
- d) proof that legal or natural persons that assume unlimited liability for the debts of the tenderer or entity are not in an exclusion situation referred to in section 1.1.1. (a) or (b).

1.3.3. Evidence to be supplied by the successful tenderer

Successful tenderers must supply, within the time limit fixed by the Court of Justice and before signature of the contract, proof to confirm the declaration on honour referred to in section 1.3.1. above.

The Court of Justice shall accept as sufficient proof for the abovementioned purposes the following documents:

- As evidence that an economic operator is not in one of the exclusion situations referred to in section 1.1.1. (a), (c), (d) or (f), production of a recent extract from police or judicial records or, failing that, an equivalent recent document issued by a judicial or administrative authority of the country where the economic operator is established, showing that those requirements are satisfied.

- As evidence that an economic operator is not in one of the exclusion situations referred to in section 1.1.1. (a) or b), a recent certificate issued by the competent authority in the State concerned.
- Where that kind of certificate is not issued in the country concerned, the economic operator may provide a sworn statement made before a judicial authority or notary or, failing that, a solemn statement made before an administrative authority or a qualified professional body in its country of establishment.

The following shall be exempted from the requirement to submit the documentary evidence referred to above :

- international organisations, in any event ;
- any other tenderer :
 - o where the Court of Justice can obtain free access to that evidence by consulting a national database,
 - o where such evidence has previously been submitted to the Court of Justice for the purposes of another procedure and where the date of issue of the documents concerned is not more than one year earlier and they are still valid. In such a case, the economic operator shall attest on honour that the documentary evidence was previously supplied in the course of an earlier procedure and that there has been no change in its situation.

The Court of Justice shall accept as sufficient evidence for that purpose the documents indicated in section 1.3.2. The economic operators in the situations indicated in section 1.3.2 shall be exempted from the obligation to produce those documents.

ATTENTION: The successful tenderers for one or more of the abovementioned lots the cumulative value of which does not exceed EUR 135 000 euros shall not be required to submit the abovementioned evidence.

1.4. Financial penalties

In addition to exclusion in accordance with the provisions of Section 1.1 above, the Court of Justice may impose, under the conditions specified in Articles 106(13), (15), (16) and (17) FR a financial penalty representing between 2% and 10% of the total value of the contract on an economic operator who participates in or requests to participate in the call for tenders while being, without having declared it, in one of the following exclusion situations referred to in section 1.1.1. (c), (d), (e) or (f).

2. Selection criteria: economic and financial capacity (Article 147 RAP) and technical and professional capacity (Article 148 RAP)

i. Economic and financial capacity (Article 147 RAP)

Tenderers must have sufficient resources and financial means to perform the contract.

The tenderer's average overall annual turnover for the last three financial years must be at least two times greater than the estimated annual amount of the lot or, where appropriate, than the sum of the estimated annual amounts of the lots for which the tenderer is submitting its tender (see section 'II.6. Estimated amount of the contract').

The economic and financial capacity of the tenderer will be evaluated on the basis of the turnover for the last three financial years.

In the event of a joint (consortium) tender or of subcontracting, the economic and financial capacity will be evaluated by taking into consideration the combined capacity of all members of the consortium or of the tenderer and its subcontractors. In particular, the minimum condition relating to the average overall annual turnover for the last three financial years will be evaluated by reference to the combined turnover of all the parties involved in the tender.¹³ In order that the financial capacity of the subcontractors may be taken into consideration for the abovementioned purposes, the tenderer must produce an undertaking from the subcontractors to make available to it all resources that are necessary for the performance of the contract.

Declaration on honour

Tenderers must sign and annex to their tender the declaration on honour provided in Annex 4 attesting that they satisfy the selection criteria.

Evidence that may be requested in certain circumstances from tenderers

Where necessary to ensure the proper conduct of the procedure, the Court of Justice may request, at any time, that tenderers supply an updated declaration or all or some of the supporting documents specified below.

Supporting documents to be supplied by the successful tenderers

Successful tenderers must provide the following documents before signature of the framework contract in order to prove that they satisfy the abovementioned economic and financial capacity criteria:

- ✓ a copy of the balance sheets or extract balance sheets and profit/loss accounts for the last three financial years, and all copies of reports of the Board of Directors and external auditors if available, relating to those financial years. If, for a justified reason, supported by probative documents, the tenderer is not able to provide these, it will attach a signed declaration stating the annual profit/loss after tax for the last three financial years.
- ✓ a declaration duly signed by the company representative indicating the overall annual turnover for the last three financial years.

If, for an exceptional reason that the contracting authority deems to be justified, the tenderer is incapable of providing one or other of the above documents, the tenderer may prove its economic and

⁽¹³⁾ In the case of a consortium this criterion will be checked on data from the combined balance sheets of the consortium (balance sheets for the last three financial years of the member companies, even if the account closing dates -month/year are different). In the event of participation of a member of a group, for example the local subsidiary of an international company, the figures for the whole group will be taken into account only if a letter from the parent company of commitment to participation is provided.

financial capacity by any other document that the contracting authority deems appropriate. In all cases, the contracting authority must be at least informed of the exceptional reason and its justification.

ii. Technical and professional capacity (Article 148 RAP)

The technical and professional capacity of tenderers shall be evaluated and verified in public procurement procedures for the provision of services by taking account of, inter alia, their skills, efficiency, experience and reliability.

The requirements in terms of technical and professional capacities are the following:

- a. the tenderers must be authorised to carry out the commercial activity which is the subject of this call for tenders;
- b. the tenderers must have relevant experience of at least three (3) years in the commercial activity which is the subject of this call for tenders as described in the technical specifications;

Declaration on honour

Tenderers must sign and annex to their tender the declaration on honour provided in Annex 4 attesting that they satisfy the selection criteria.

Evidence that may be requested in certain circumstances from tenderers

Where necessary to ensure the proper conduct of the procedure, the Court of Justice may request, at any time, that tenderers supply an updated declaration or all or some of the supporting documents specified below.

Supporting documents to be supplied by the successful tenderers

Successful tenderers must provide the following documents before signature of the framework contract in order to prove that they satisfy the abovementioned technical and professional capacity criteria:

- a. proof that the national legislation permits the tenderer to perform the contract (registration in the business or professional registry, a sworn statement or certificate substantiating membership of a specific organisation, express permission or VAT registration);
- b. submission of a list per lot of the main contracts for subscriptions to specialised periodical publications concluded in the course of the last three years, indicating the number of legal periodicals forming part of each contract, their amount, date and the recipient, public or private.

VIII. AWARD OF THE CONTRACT

The award criteria ensure that it is possible to distinguish those tenders submitted by tenderers which are not excluded and which satisfy the selection criteria.

Important note:

Tenderers are asked to read carefully the tender specifications and its annexes and to provide in their tender all the information requested. Any omission of information, wholly or in part, or failure to observe the conditions and criteria stated in the tender specifications and its annexes will result in the Court of Justice excluding the tender as not being in order.

1. Award arrangements

The contract shall be awarded for each lot to the tenderer(s) that has/have submitted the tender which, while being in order and satisfying the conditions laid down, offers the best-value-for-money.

2. Evaluation of tenders

Only those envelopes submitted within the time limits set for submission of tenders and complying with the submission requirements will be opened. Tenders which are transmitted late will be declared not to satisfy the conditions and will not be evaluated.

Each tender that is deemed to be in order will be evaluated and graded by the Court of Justice according to the arrangements described below, in the light of the award criteria.

The evaluation of the technical tenders will be undertaken separately from the evaluation of the financial tenders and will precede the latter.

3. Award criteria and grading

The table below set out the award criteria and the maximum number of points that will be granted for each of the criteria:

AWARD CRITERIA FOR THE FINANCIAL TENDER		
A	Overall price tendered for the current subscriptions	500 points
B	Percentage in relation to the publisher's list price, for the new subscriptions	100 points
AWARD CRITERIA FOR THE TECHNICAL TENDER		
C	Number of titles	350 points
D	'Table of contents' email alert service	50 points

4. Evaluation of the technical tender**a) General provisions**

The technical tender must comply with all the obligatory requirements set out in the technical specifications.

The evaluation of the technical tender will be based on the qualitative award criteria detailed below, namely criterion C (Number of titles), and criterion D ('Table of contents' email alert service).

Each of the tenders will be assigned, for each criterion, a score reflecting the level of quality or performance attained for that criterion on a scale from 0 to 350 points for the criterion C (Nc), and from 0 to 50 points for criterion D (ND), in accordance with the scoring method indicated in subsections (b) and (c) below for each of those criteria.

A qualitative score 'NQ' will be calculated for each technical tender on the conclusion of its evaluation.

That score will correspond to the sum of the scores assigned for each of the qualitative criteria:

$$NQ = NC + ND$$

Tenders for which the value NQ is below 240 points will be rejected.

b) Criterion C: Number of titles

The tenderers shall indicate, for each lot, the titles for which they undertake to provide an annual subscription in the requested formats, use of the form in Annex 6 being mandatory.

Tenders which do not offer the minimum percentage of titles (60%) in the format(s) laid down in Annex 6 will be rejected.

The quality of the tender from the perspective of number of titles will be assigned a score from a total of 350 points. Tenders offering all the requested titles will be awarded a NC score of 350 points. Other tenders will be awarded a NC score in proportion to the percentage of titles tendered.

c) Criterion D : 'Table of contents' email alert service

This criterion refers to the email alert service that the tenderer undertakes to provide for the 'Table of contents' of the requested titles, making possible a monitoring of documents and the issue of alerts to the publication of a new issue of a periodical. In addition, points will be awarded for the number of titles per lot for which the abovementioned service includes the possibility of direct access to the content via an internet link.

Points will also be awarded if users can register directly to the 'Table of contents' alert system.

The total number of points awarded to this criterion (ND) will be on a scale of 0 to 50 points, distributed as follows for each sub-criterion to be evaluated:

- Tenders offering the 'Table of contents' email alert service for all the titles in the lot will receive 20 points. Other tenders will be assigned a score in proportion to the percentage of titles for which that service is tendered.

- Tenders offering the possibility of direct access to the content via an internet link for all the titles in the lot will receive 20 points. Other tenders will be assigned a score in proportion to the percentage of titles for which that possibility is tendered.
- Tenders offering to individual users direct registration to the ‘Table of contents’ alert system for all the titles in the lot will receive 10 points. Other tenders will be assigned a score in proportion to the percentage of titles for which that possibility is tendered.

The sum of points obtained for each of the sub-criteria will correspond to the Nd score awarded, per lot, with respect to criterion D.

It is mandatory that tenderers indicate the abovementioned elements using the form in Annex 6.

5. Evaluation of the financial tender

It is essential that the tenderer complete the financial tender form in Annex 5 for each of the lots for which it submits a tender.

a) Criterion A : Overall price tendered for current subscriptions

The tenderer must clearly indicate, in the place provided for that purpose in the form in Annex 5, the price, for each title, of an annual subscription for the year 2017, in the formats laid down in that form.

Tenders which do not offer a price for the minimum percentage of titles (60%) in the format(s) laid down in Annex 5 will be rejected.

The prices must take account of all discounts granted and all costs relating to subscriptions, processing and services, including delivery to the contracting authority. No other costs will be accepted. The prices must include both all basic services and any additional services that the tenderer offers in the technical tender.

Prices must be submitted exclusive of value added tax (VAT), since the Court of Justice is exempted from VAT under the provisions of Articles 3 and 4 of the Protocol on the privileges and immunities of the European Union and the relevant legislation of the Member States.

For the evaluation of this criterion, there will be taken into consideration only the prices of titles for which a price will have been stated by all tenderers who are not in one of the exclusion situations, who have met the criteria relating to economic and financial capacity and technical and professional capacity and who have submitted a tender that is in order and satisfies the conditions laid down (**‘the common prices’**).

For the evaluation of this criterion, the prices expressed in local currency will be converted into euros, using the exchange rate published in the Official Journal of the European Union applicable on the closing date for the submission of tenders.

The sum of the common prices of each tender shall constitute '**the overall price tendered for the current subscriptions**' in that tender for the purposes of the evaluation of this criterion.

The tender submitting the lowest overall price tendered for the current subscriptions will be awarded a NA score of 500 points.

The other tenders will be awarded an inversely proportional number of points, 'NA', according to the following formula:

$$N_A = 500 \times \frac{\text{Lowest overall price tendered for the current subscriptions}}{\text{Overall price tendered for current subscriptions in the tender under evaluation}}$$

b) Criterion B: Percentage in relation to the publisher's list price for the new subscriptions

The tenderer must clearly indicate, in the place provided for that purpose in the form in Annex 5, the percentage in relation to the publisher's list price (excluding VAT) that it undertakes to apply in order to calculate the price of the new subscriptions.

That percentage shall include all costs relating to the subscriptions, processing and services (basic services and any additional services that the tenderer offers in the technical tender), including delivery to the contracting authority, and the profit of the contractor. Those elements are always to be taken into consideration exclusive of VAT.

The tender submitting the lowest percentage in relation to the publisher's list price will be awarded a NB score of 100 points.

The other tenders will be awarded an inversely proportional score, 'NB', according to the following formula:

$$N_B = 100 \times \frac{\text{Lowest percentage in relation to the publisher's list price}}{\text{Percentage in relation to the publisher's list price in the tender under evaluation}}$$

6. Overall evaluation of the tender

On the conclusion of the evaluations of the technical and financial tenders, the Court of Justice will calculate, for each tender, an overall score (NG) according to the following formula:

$$\mathbf{NG = NA + NB + NC + ND}$$

The tender obtaining the best overall score (NG) will be regarded as offering the best-value-for-money and, in the event of a tie, whichever of the tenders concerned has the highest score for the financial evaluation (NA + NB) will be accepted.

On the conclusion of the evaluations of tenders, the contracting authority will draw up a list of successful tenderers per lot and in descending order of the overall score obtained. That ranking of successful tenderers will determine the ranking order of the contracting parties in the cascade and the order in which they will be called upon when an order is placed by the Court of Justice.

7. Information to tenderers concerning decisions taken by the contracting authority

The Court of Justice shall as soon as possible inform by electronic means all tenderers, simultaneously and individually, of decisions taken concerning the outcome of the procedure. The Court shall inform every unsuccessful tenderer of the reasons for the rejection of its tender, the legal remedies available and, where applicable, the duration of the standstill period before signature of the contract indicated below

The Court of Justice shall give notice, at the same time as notices of rejection sent to the unsuccessful tenderers, of the decision to award the contract to the successful tenderers. That notice shall not constitute any commitment by the Court of Justice.

Where the value of the lot(s) awarded to a tenderer exceeds EUR 135 000, the framework contract shall be signed only on the expiry of a standstill period of 10 days following the sending of the notifications provided for in the preceding paragraph.

The unsuccessful tenderers that are not in an exclusion situation and whose tender meets the conditions of the procurement documents may obtain, by request in writing, by letter or by electronic mail, additional information on the characteristics and relative advantages of the accepted tenders, the price paid or the value of the contract, and the names of the successful tenderers.

However, some information need not be disclosed where disclosure would hinder application of the law, would be contrary to the public interest, would harm the legitimate business interests of economic operators or could distort fair competition between them.

The contracting authority shall reply no later than 15 calendar days following receipt of the request.

In the event that the contract cannot be concluded with a successful tenderer or if the latter withdraws, the Court of Justice reserves the possibility of reviewing its award decision and awarding the contract to another tenderer, or closing the procedure or cancelling the procurement procedure.

Any request for information and the reply thereto will not have the effect of suspending the period allowed for the bringing of any legal action against the rejection and award decisions.

VIII. ADMINISTRATIVE INFORMATION**1. Form and content of the tender**

The tender must be written in one of the official languages of the European Union. The tender must include all the information and all the documents requested by the Court of Justice for the evaluation of tenders on the basis of the exclusion, selection and award criteria in accordance with these tender specifications.

Tenders must be sent per lot, in two sealed envelopes. (The use of boxes/parcels instead of envelopes shall be admitted if the volume of the tender justifies it. The term 'envelope' used throughout the remainder of the text may also be understood as referring to several boxes/parcels where appropriate). If

self-adhesive envelopes are used, they must be sealed with adhesive tape and the tenderer's representative must sign across the tape.

The inner envelope will in turn contain three sealed envelopes containing the administrative information, the technical tender and the financial tender. Each of those envelopes must clearly bear a description of its content ('Administrative information', 'Technical Tender' and 'Financial Tender').

In cases of tenders for a number of the administrative documents may be submitted in a single envelope marked to show the respective lots.

The outer envelope shall bear the destination address appropriate to the chosen means of submission.

Each of the envelopes will also bear the following:

CALL FOR TENDERS CJ-PROC-15/011

[Lot(s).....]

Tender submitted by <Identification of tenderer: name, business name and address >

**NOT TO BE OPENED BY THE MAIL DEPARTMENT
OR ANY UNAUTHORISED PERSON**

Tenders must consist of three parts, as indicated below and must be perfectly legible in order to rule out any doubt whatsoever concerning the words or figures.

First part : administrative information

Administrative documents with respect to legal status and with respect to exclusion and selection criteria (see Exclusion Criteria and Selection Criteria sections)

- a duly completed **tenderer identification form(Annex 1)**;
- a **legal entity form (Annex 2)** duly completed and signed, accompanied by all the supporting documents required in the form; a specific form for each Member State and each status of tenderer is available at:
http://ec.europa.eu/budget/contracts_grants/info_contracts/legal_entities/legal_entities_en.cfm
- a **financial identification form (Annex 3)** duly completed and signed by tenderer and its bank; a specific form for each Member State is available at:
http://curia.europa.eu/jcms/upload/docs/application/pdf/2011-08/fichebancaire_en.pdf
- **declaration on honour on the exclusion criteria and selection criteria (Annex 4)** duly completed;

Second part : financial proposal

The financial proposal must be made using the **mandatory financial proposal reply form (Annex 5)** per lot and must be sent in an inner envelope that is separate and sealed.

All prices must be expressed exclusive of VAT, either in euros (for Lots 1-AT; 2-BE ; 6-CY ; 8-DE ; 10-EE ; 11-ES ; 12 -FI; 13-FR; 15-GR; 18-IE; 19-IT; 20-LI; 21-LU; 22-LV; 23-NL; 26-PT; 29-SI; 30-SK) or in either euros or local currency as chosen by the tenderer (for the Lots 3-BG ; 4-CA ; LOT 5-CH ; 7-CZ ; 9-DK ; 14-GB; 16-HR; 17-HU; 24-NO; 25-PL; 27-RO; 28-SE; 31-US), and include all costs. For the evaluation of tenders, prices expressed in local currency will be converted into euros, using the exchange rate published in the Official Journal of the European Union applicable on the closing date for the submission of tenders.

Under Articles 3 and 4 of the Protocol on the Privileges and Immunities of the European Communities, the European Union is exempted from all taxes and duties, including value added tax (VAT). Those taxes and duties cannot therefore form part of the calculation of the price of the tender. If the tenderer considers that he must charge VAT, the amount thereof must be stated separately. VAT will not be taken into account in the examination of the prices stated in the various tenders.

Costs incurred for the preparation and submission of tenders must be borne by the tenderers and will not be reimbursed.

Tenders shall be fixed and not subject to revision.

Third part : the technical tender

The technical proposal must be made using the mandatory **technical tender reply form (Annex 6)** per lot and must be sent in an inner envelope that is separate and sealed.

Since the technical proposal is an essential part of the tender, it is indispensable that it should satisfy all the mandatory requirements set out in the technical specifications.

2. Submission of the tender and performance of the contract

Submission of a tender implies acceptance of all the conditions in the Tender Specifications and in the annexed Model Contract.

The tender must remain valid for a period of 6 months from the final date specified in Section IV.3.4 of the contract notice. If the initial contract is renewed, the tender shall remain valid for those renewals.

After the Court of Justice has opened the tender, the document becomes the property of the Court of Justice and is treated confidentially.

3. No obligation to award the contract

The start of a competition or the initiation of a call for tenders carries no implication that the Court of Justice is obliged to award the contract. The Court of Justice has no liability to pay compensation to tenderers whose tender has not been accepted.

The same applies if the Court of Justice withdraws the contract or cancels the procurement procedure. Where appropriate, reasons will be stated for that decision and will be notified to the tenderers.

4. Data protection

The monitoring of any response to the call for tenders will involve the recording and processing of personal data contained in the tender submitted by the tenderer (e.g.: name, address, telephone or fax number, electronic mail address, tenderer's legal status, etc.).

Personal data relating to the tenderer or to the entities on the capacity of which it intends to reply, or to persons who are members of the administrative, management or supervisory bodies of the tenderer or those entities or who are authorised to represent, make decisions for or control them, who are in one of the situations referred to in Articles 106 and 107 FR shall be recorded in the database provided for by Article 108 of that regulation and may be communicated to persons on the conditions laid down in Article 108 FR.

Personal data relating to the tenderer (in particular evaluation data) may be generated by the persons taking part in the opening and above all the evaluation of tenders.

Personal data relating to the tenderer may, when appropriate, be generated in the context of advertising (award notice published in the Official Journal, annual list of contracting parties published in the Official Journal, etc.) referred to in Articles 123 and 124 RAP when the public contract is awarded to it.

In a competitive tendering procedure, the following categories of data may be processed:

- name, address, telephone or fax number, electronic mail address;
- data contained in the passport or certificate of nationality (copies);
- proof of self-employed status, proof of tax status ;
- bank data (account number, name of bank, IBAN code) ;
- data contained in an extract from police/judicial records, a certificate attesting non-payment of social security contributions or taxes;
- curriculum vitae ;
- list of principal publications or productions ;
- statement of tenderer's turnover ;
- bank statements or evidence of Professional Risks insurance;
- other data connected with the candidate or tenderer transmitted by the latter as part of the procurement procedure.

All such data will be processed by the Court of Justice of the European Union in accordance with the requirements of Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data.

Unless otherwise stated, the processing of personal data will be necessary for the evaluation of the tender and will be carried out exclusively to that end by the Library Directorate of the Court of Justice, by the Budget and Financial Affairs Directorate of the Court of Justice and the Committee for the evaluation of tenders and requests to participate referred to in Article 158 RAP, without prejudice to the possible transmission of that data to bodies charged with the task of monitoring or inspection in application of European Union law. Accordingly, recipients may also include: the European Court of Auditors, the specialised financial irregularities committee, the internal auditor (within the responsibilities conferred on him by Articles 98 to 100 FR), the European Parliament (under the discharge procedure), OLAF, the Supervisory Committee of OLAF (under Article 15 of Regulation (EU, Euratom) No 883/2013 of the

European Parliament and of the Council of 11 September 2013 concerning investigations conducted by the European Anti-Fraud Office (OLAF) and repealing Regulation (EC) No 1073/1999 of the European Parliament and of the Council and Council Regulation (Euratom) No 1074/1999), the General Court of the European Union and the Court of Justice of the European Union, the courts or tribunals having jurisdiction (generally the Luxembourg courts) in the event of legal proceedings relating to performance of the contract, the President and the Registrar of the Court of Justice of the European Union together with the officials who may assist them, under the responsibilities devolved to them by Article 20 of the Rules of Procedure of the Court of Justice of the European Union, and the legal adviser in respect of administration, in their various capacities.

Under Article 48 FR, documents relating to the contract and containing personal data are to be kept for at least five years from the date on which the European Parliament grants discharge for the budgetary year to which those documents relate or, as regards operations not definitively closed, for longer than the abovementioned period and until the end of the year following that on which those operations are closed. However, personal data contained in supporting documents shall be deleted where possible when that data is not necessary for budgetary discharge, control and audit purposes.

The persons whose personal data is processed within the context of this call for tenders, may, on request, obtain the communication of their personal data and rectification of any inaccurate or incomplete data. For any question relating to the processing of that personal data, the persons concerned are asked to contact the responsible department at the email address: biblio_curia_marches_publics@curia.europa.eu. They also have a right to have recourse at any time to the European Data Protection Supervisor.

The representative(s) of the tenderer(s) is/are bound to inform the persons whose personal data is used within the context of this call for tenders of the nature, purpose and characteristics of processing (categories of data, recipients, time-limits for storing the data, etc.) and of the rights described above.

ANNEXES

List of Annexes to the Tendering Specifications:

ANNEX 1 : Tenderer and subcontractors identification form

ANNEX 2 : Mandatory legal entity reply forms

ANNEX 3 : Mandatory financial identification reply forms

ANNEX 4 : Declaration on honour on the exclusion and selection criteria

ANNEX 5 : Mandatory financial proposal reply form

ANNEX 6 : Mandatory technical proposal reply form

ANNEX 7 : The Court of Justice's environmental policy

ANNEX 10 : Draft framework contract

ANNEXE 4**Declaration on honour on exclusion criteria and selection criteria**

The undersigned [*insert name of the signatory of this form*], representing:

(only for natural persons) himself or herself	(only for legal persons) the following legal person:
ID or passport number:	Full official name: Official legal form: Statutory registration number: Full official address: VAT registration number:

declares whether the above-mentioned person is in one of the following situations or not:		
SITUATION OF EXCLUSION CONCERNING THE PERSON	YES	NO
it is bankrupt, subject to insolvency or winding up procedures, its assets are being administered by a liquidator or by a court, it is in an arrangement with creditors, its business activities are suspended or it is in any analogous situation arising from a similar procedure provided for under national legislation or regulations;	<input type="checkbox"/>	<input type="checkbox"/>
it has been established by a final judgement or a final administrative decision that the person is in breach of its obligations relating to the payment of taxes or social security contributions in accordance with the law of the country in which it is established, with those of the country in which the contracting authority is located or those of the country of the performance of the contract;	<input type="checkbox"/>	<input type="checkbox"/>
it has been established by a final judgement or a final administrative decision that the person is guilty of grave professional misconduct by having violated applicable laws or regulations or ethical standards of the profession to which the person belongs, or by having engaged in any wrongful conduct which has an impact on its professional credibility where such conduct denotes wrongful intent or gross negligence, including, in particular, any of the following:		
(i) fraudulently or negligently misrepresenting information required for the verification of the absence of grounds for exclusion or the fulfilment of selection criteria or in the performance of a contract;	<input type="checkbox"/>	<input type="checkbox"/>
(ii) entering into agreement with other persons with the aim of distorting competition;	<input type="checkbox"/>	<input type="checkbox"/>
(iii) violating intellectual property rights;	<input type="checkbox"/>	<input type="checkbox"/>
(iv) attempting to influence the decision-making process of the contracting authority during the award procedure;	<input type="checkbox"/>	<input type="checkbox"/>

(v) attempting to obtain confidential information that may confer upon it undue advantages in the award procedure;	<input type="checkbox"/>	<input type="checkbox"/>
it has been established by a final judgement that the person is guilty of any of the following:		
(i) fraud, within the meaning of Article 1 of the Convention on the protection of the European Communities' financial interests, drawn up by the Council Act of 26 July 1995;	<input type="checkbox"/>	<input type="checkbox"/>
(ii) corruption, as defined in Article 3 of the Convention on the fight against corruption involving officials of the European Communities or officials of EU Member States, drawn up by the Council Act of 26 May 1997, and in Article 2(1) of Council Framework Decision 2003/568/JHA, as well as corruption as defined in the legal provisions of the country where the contracting authority is located, the country in which the person is established or the country of the performance of the contract;	<input type="checkbox"/>	<input type="checkbox"/>
(iii) participation in a criminal organisation, as defined in Article 2 of Council Framework Decision 2008/841/JHA;	<input type="checkbox"/>	<input type="checkbox"/>
iv) money laundering or terrorist financing, as defined in Article 1 of Directive 2005/60/EC of the European Parliament and of the Council;	<input type="checkbox"/>	<input type="checkbox"/>
(v) terrorist-related offences or offences linked to terrorist activities, as defined in Articles 1 and 3 of Council Framework Decision 2002/475/JHA, respectively, or inciting, aiding, abetting or attempting to commit such offences, as referred to in Article 4 of that Decision;	<input type="checkbox"/>	<input type="checkbox"/>
(vi) child labour or other forms of trafficking in human beings as defined in Article 2 of Directive 2011/36/EU of the European Parliament and of the Council;	<input type="checkbox"/>	<input type="checkbox"/>
the person has shown significant deficiencies in complying with the main obligations in the performance of a contract financed by the Union's budget, which has led to its early termination or to the application of liquidated damages or other contractual penalties, or which has been discovered following checks, audits or investigations by an Authorising Officer, OLAF or the Court of Auditors;	<input type="checkbox"/>	<input type="checkbox"/>
it has been established by a final judgment or final administrative decision that the person has committed an irregularity within the meaning of Article 1(2) of Council Regulation (EC, Euratom) No 2988/95;	<input type="checkbox"/>	<input type="checkbox"/>
for the situations of grave professional misconduct, fraud, corruption, other criminal offences, significant deficiencies in the performance of the contract or irregularity, the applicant is subject to: facts established in the context of audits or investigations carried out by the Court of Auditors, OLAF or internal audit, or any other check, audit or control performed under the responsibility of an authorising officer of an EU institution, of a European office or of an EU agency or body; non-final administrative decisions which may include disciplinary measures taken by the competent supervisory body responsible for the verification of the application of standards of professional ethics; decisions of the ECB, the EIB, the European Investment Fund or international organisations; decisions of the Commission relating to the infringement of the Union's competition rules or of a national competent authority relating to the infringement of Union or national competition law; or	<input type="checkbox"/>	<input type="checkbox"/>

decisions of exclusion by an authorising officer of an EU institution, of a European office or of an EU agency or body.		
---	--	--

<u>[Only for legal persons other than Member States and local authorities, otherwise delete this table]</u>		
SITUATIONS OF EXCLUSION CONCERNING NATURAL PERSONS WITH POWER OF REPRESENTATION, DECISION-MAKING OR CONTROL OVER THE LEGAL PERSON	YES	NO
Situation (c) above (grave professional misconduct)	<input type="checkbox"/>	<input type="checkbox"/>
Situation (d) above (fraud, corruption or other criminal offence)	<input type="checkbox"/>	<input type="checkbox"/>
Situation (e) above (significant deficiencies in performance of a contract)	<input type="checkbox"/>	<input type="checkbox"/>
Situation (f) above (irregularity)	<input type="checkbox"/>	<input type="checkbox"/>

declares whether a natural or legal person that assumes unlimited liability for the debts of the above-mentioned legal person is in one of the following situations or not:			
SITUATIONS OF EXCLUSION CONCERNING NATURAL OR LEGAL PERSONS ASSUMING UNLIMITED LIABILITY FOR THE DEBTS OF THE LEGAL PERSON	YES	NO	N/A
Situation (a) above (bankruptcy)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Situation (b) above (breach in payment of taxes or social security contributions)	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

declares whether the above-mentioned person is in one of the following situations or not:			
GROUNDS FOR REJECTION FROM THIS PROCEDURE	YES	NO	
has not distorted competition by being previously involved in the preparation of procurement documents for this procurement procedure;	<input type="checkbox"/>	<input type="checkbox"/>	
has provided accurate, sincere and complete information to the contracting authority within the context of this procurement procedure;	<input type="checkbox"/>	<input type="checkbox"/>	

acknowledges that the above-mentioned person may be subject to rejection from this procedure and to administrative sanctions (exclusion or financial penalty) if any of the declarations or information provided as a condition for participating in this procedure prove to be false.	
--	--

REMEDIAL MEASURES

If the person declares one of the situations of exclusion listed above, it should indicate the measures it has taken to remedy the exclusion situation, thus demonstrating its reliability. They may include e.g. technical, organisational and personnel measures to prevent further occurrence, compensation of damage or payment of fines. The relevant documentary evidence which appropriately illustrates the remedial measures taken should be provided in annex to this declaration. This does not apply for the situations referred in point (d) of this declaration.

EVIDENCE UPON REQUEST

Upon request and within the time limit set by the contracting authority the person shall provide information on the persons that are members of the administrative, management or supervisory body, as well as the following evidence concerning the person or the natural or legal persons which assume unlimited liability for the debt of the person:

For situations described in (a), (c), (d) or (f), production of a recent extract from the judicial record is required or, failing that, an equivalent document recently issued by a judicial or administrative authority in the country of establishment of the person showing that those requirements are satisfied.

For the situation described in point (a) or (b), production of recent certificates issued by the competent authorities of the State concerned are required. These documents must provide evidence covering all taxes and social security contributions for which the person is liable, including for example, VAT, income tax (natural persons only), company tax (legal persons only) and social security contributions. Where any document described above is not issued in the country concerned, it may be replaced by a sworn statement made before a judicial authority or notary or, failing that, a solemn statement made before an administrative authority or a qualified professional body in its country of establishment.

If the person already submitted such evidence for the purpose of another procedure, its issuing date does not exceed one year and it is still valid, the person shall declare on its honour that the documentary evidence has already been provided and confirm that no changes have occurred in its situation.

declares whether the above-mentioned person complies with the selection criteria as provided in the tender specifications:	SELECTION CRITERIA	YES	NO	N/A
It has the legal and regulatory capacity to pursue the professional activity needed for performing the contract as required in section VII.2.ii of the tender specifications;		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

It fulfills the applicable economic and financial criteria indicated in section VII.2.i of the tender specifications;	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
It fulfills the applicable technical and professional criteria indicated in section VII.2.ii of the tender specifications.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
declares that the above-mentioned person will be able to provide the necessary supporting documents listed in the relevant sections of the tender specifications and which are not available electronically upon request and without delay.

ANNEX 5**Mandatory financial proposal reply form**

CALL FOR TENDERS: CJ-PROC-15/011

Tenderers are requested to state prices exclusive of VAT.

Tenderers are requested to complete the table below to indicate, first, the price per title and corresponding currency (euro or other local currency) for the current subscriptions and, second, the percentage in relation to the publisher's list price for the new subscriptions, **inclusive of all costs and exclusive of VAT**, which they undertake to apply in the context of their financial tender.

Tenderers' attention is drawn to the fact that the cost that may be incurred by one of the services offered in the technical tender must be included in the financial tender.

No additional cost may be taken into account other than the items entered on the financial tender form.

The financial tender must be clear and precise. Any tenders containing statements that prevent comparison between tenders (such as 'to be discussed', 'depending on X', 'excluded', etc.) shall be considered not to be in order and shall be rejected. The same will apply to tenders that refer to external factors, that are not expressly contained in the tender (such as references to existing but separate contracts).

Percentage in relation to the publisher's list price for the new subscriptions	
Percentage, inclusive of all costs and exclusive of VAT (100% represents the publisher's list price exclusive of VAT) ¹⁵ for titles not contained in the preceding table (new subscriptions)	%

Date, stamp and signature¹⁶

¹⁵ Price offered in %, inclusive of all costs and exclusive of VAT (represents the publisher's list price exclusive of VAT)' is the percentage which the tenderer undertakes to apply in relation to the list price of a PUBLISHER or a group of several publishers, INCLUSIVE OF ALL COSTS AND EXCLUSIVE OF VAT. Example: The publisher's list price (inclusive of all costs and exclusive of VAT) as stated on its website/catalogue is 100€, and the percentage offered by the tenderer is 98%. The maximum price that the Court of Justice may be charged will therefore be 98€.

¹⁶ The tenderer must sign in the place indicated and, in addition, initial each page of the financial tender.

Percentage in relation to the publisher's list price for the new subscriptions

Percentage, inclusive of all costs and exclusive of VAT (100% represents the publisher's list price exclusive of VAT)³⁶ for titles not contained in the preceding table (new subscriptions)

%

Date, stamp and signature³⁷

36 Price offered in %, inclusive of all costs and exclusive of VAT (represents the publisher's list price exclusive of VAT)' is the percentage which the tenderer undertakes to apply in relation to the list price of a PUBLISHER or a group of several publishers, INCLUSIVE OF ALL COSTS AND EXCLUSIVE OF VAT. Example: The publisher's list price (inclusive of all costs and exclusive of VAT) as stated on its website/catalogue is 100€, and the percentage offered by the tenderer is 98%. The maximum price that the Court of Justice may be charged will therefore be 98€.

37 The tenderer must sign in the place indicated and, in addition, initial each page of the financial tender.

51 Price offered in %, inclusive of all costs and exclusive of VAT (represents the publisher's list price exclusive of VAT)' is the percentage which the tenderer undertakes to apply in relation to the list price of a PUBLISHER or a group of several publishers, INCLUSIVE OF ALL COSTS AND EXCLUSIVE OF VAT. Example: The publisher's list price (inclusive of all costs and exclusive of VAT) as stated on its website/catalogue is 100€, and the percentage offered by the tenderer is 98%. The maximum price that the Court of Justice may be charged will therefore be 98€.

52 The tenderer must sign in the place indicated and, in addition, initial each page of the financial tender.

Percentage in relation to the publisher's list price for the new subscriptions

Percentage, inclusive of all costs and exclusive of VAT (100% represents the publisher's list price exclusive of VAT)⁶⁹ for titles not contained in the preceding table (new subscriptions)

%

Date, stamp and signature⁷⁰

69 Price offered in %, inclusive of all costs and exclusive of VAT (represents the publisher's list price exclusive of VAT)' is the percentage which the tenderer undertakes to apply in relation to the list price of a PUBLISHER or a group of several publishers, INCLUSIVE OF ALL COSTS AND EXCLUSIVE OF VAT. Example: The publisher's list price (inclusive of all costs and exclusive of VAT) as stated on its website/catalogue is 100€, and the percentage offered by the tenderer is 98%. The maximum price that the Court of Justice may be charged will therefore be 98€.

70 The tenderer must sign in the place indicated and, in addition, initial each page of the financial tender.

Percentage in relation to the publisher's list price for the new subscriptions

Percentage, inclusive of all costs and exclusive of VAT (100% represents the publisher's list price exclusive of VAT)⁸⁷ for titles not contained in the preceding table (new subscriptions)

%

Date, stamp and signature⁸⁸

⁸⁷ Price offered in %, inclusive of all costs and exclusive of VAT (represents the publisher's list price exclusive of VAT)' is the percentage which the tenderer undertakes to apply in relation to the list price of a PUBLISHER or a group of several publishers, INCLUSIVE OF ALL COSTS AND EXCLUSIVE OF VAT. Example: The publisher's list price (inclusive of all costs and exclusive of VAT) as stated on its website/catalogue is 100€, and the percentage offered by the tenderer is 98%. The maximum price that the Court of Justice may be charged will therefore be 98€.

⁸⁸ The tenderer must sign in the place indicated and, in addition, initial each page of the financial tender.

ANNEX 7

The Court of Justice's Environmental Policy

EMAS

Ecologie · Économie · Efficacité

The European Union is in the vanguard of worldwide environmental protection. The Court of Justice of the European Union as an institution also accords great importance to that objective and has consequently decided to register its environmental commitment within the framework of the EMAS (Eco-Management and Audit Scheme) Regulation.

In general terms, an environmental management system must permit:

- compliance with all applicable legal requirements in relation to environmental protection under Annex II, section B.2.1 of the EMAS Regulation
- ensuring the prevention of pollution
- continuous improvement in the environmental impact of the activities of the Court of Justice of the European Union
- increased efficiency of processes having an impact on the environment
- communication to staff and Members, raising awareness and conferring responsibility, and encouragement to participate in the implementation of the environmental management system
- promotion of dialogue with parties concerned, both internally and externally
- development of cooperation with national authorities in order to achieve synergies supporting the objectives of this policy

That commitment is reflected in the adoption of an environmental policy and by specific initiatives, supported by sufficient resources in terms of personnel, materials and funding. The policy provides a framework for the establishment and examination of the environmental objectives and targets and has *inter alia* the following aims:

- reduction of carbon dioxide emissions
- efficient and rational use of energy and water
- encouraging reasonable and responsible use of paper
- reduction in the quantity of waste
- encouraging integration of environmental criteria in public procurement procedures

The environmental policy is detailed, implemented and kept updated and is communicated to every individual working within the institution or on behalf of the institution. The policy is also made known to the general public.

ANNEX 8
Draft framework contract

Court of Justice of the European Union
LIBRARY, RESEARCH AND DOCUMENTATION DIRECTORATE GENERAL (DG)
Library Directorate
Library Resources Unit

SUPPLY FRAMEWORK CONTRACT

FRAMEWORK CONTRACT NUMBER – [complete]

The European Union (hereinafter referred to as ‘the Union’), represented by the Court of Justice of the European Union (hereinafter referred to as ‘the Court of Justice’), itself represented for the purposes of the signature of this contract by Mr. Rüdiger Stotz, Director General of Library, Research and Documentation,

On the one part, and

[full official name]

[official legal form]¹³⁷

[full official address]

[VAT registration number]

(hereinafter referred to as ‘the contractor’), represented for the purposes of the signature of this framework contract by [forename, surname and position,]

On the other part,

¹³⁷ Delete if contractor is a natural person or a body governed by public law.

HAVE AGREED

to the **special conditions**, the **general conditions for supply framework contracts**, the Model Purchase Order and the following annexes :

Annex I Tender specifications (reference No [complete] of [date])

Annex II Contractor's tender (reference No [complete] of [date])

Annexe III Model Purchase Order

[*other annexes*]

which form an integral part of this framework contract (hereinafter referred to as 'the FWC').

- The terms set out in the special conditions shall take precedence over those in the other parts of the FWC.
- The terms set out in the general conditions shall take precedence over those in the model Purchase Order.
- The terms set out in the model Purchase Order shall take precedence over those in the other annexes.
- The terms set out in the tender specifications (Annex I) shall take precedence over those in the tender (Annex II).
- The terms set out in the FWC shall take precedence over those in the Purchase orders.

Subject to the above, the various documents making up this contract are to be taken as mutually explanatory. Any ambiguity or divergence within the same part or between different parts shall be explained and corrected by written instruction from the Court of Justice, without prejudice to the rights referred to in Article I.9 if the contractor disputes that instruction.

I – SPECIAL CONDITIONS

ARTICLE I.1 – SUBJECT MATTER

- I.1.1** The subject matter of the FWC is the supply of subscriptions permitting access to the contents of specialised periodicals, excluding the general daily press, in paper format or in paper and electronic formats and associated services.
- I.1.2** Signature of the FWC imposes no obligation on the contracting authority to purchase. Only performance of the FWC through Purchase Orders is binding on the contracting authority.
- I.1.3** The contractor is selected for a multiple FWC in cascade:
- in [*first*] position for lot(s) [XX],
 - in [*second*] position for lot(s) [XX],
 - in [*third*] position for lot(s) [XX].

ARTICLE I.2 – ENTRY INTO FORCE AND DURATION

- I.2.1** The FWC shall enter into force as from 1 September 2016 if the two contracting parties have previously signed it or as from the date of signature by the second party if that date is after 1 September 2016.
- I.2.2** Under no circumstances may performance commence before the date on which the FWC enters into force. Delivery of supplies may under no circumstances begin before the date on which the Purchase Order enters into force.
- I.2.3** The FWC is concluded for a period of 12 months with effect from the date on which it enters into force. Unless otherwise specified, all periods specified in the FWC are calculated in calendar days.
- I.2.4** The Purchase Orders shall be returned signed by both parties before the FWC expires.
The FWC shall continue to apply to such Purchase Orders after its expiry. They shall be executed no later than 12 months after its expiry.
- I.2.5** The FWC shall be renewed automatically up to three (3) times under the same conditions, unless written notification to the contrary is sent by one of the parties and received by the other six months before expiry of the period indicated in Article I.2.3. Renewal does not imply any modification or deferment of existing obligations.

ARTICLE I.3 – MAXIMUM AMOUNT OF THE FRAMEWORK CONTRACT AND PRICES

I.3.1 The maximum amount of the FWC shall be

- [*amount in figures and in words per lots*] euros for lot [XX]
- [*amount in figures and in words per lots*] euros for lot [XX]
- [*amount in figures and in words per lots*] euros for lot [XX]

for the entire duration of this contract, including renewals. However, this must in no way be construed as a commitment on the contracting authority to purchase for the maximum amount.

I.3.2 Prices are expressed [in euros/ in _____] ¹³⁸.

I.3.3 The prices for current subscriptions are listed in Annex II. Those prices are fixed and may be not be revised for orders placed during the first year of performance of the contract.

I.3.4. The prices for new subscriptions are to be calculated by applying to the publishers' list prices the percentage stated in Annex II. That percentage may not be revised during the entire duration of the contract.

I.3.5. If the contractor charges other customers lower prices for comparable supplies in circumstances equivalent to those defined agreed under this contract, the contractor is obliged to inform the Court of Justice in order to charge similar prices.

ARTICLE I.4 – REVISION OF PRICES

I.4.1. After the second year, the contractor may submit, until 20 November of the year N, a written request for revision of prices to be applied for the year N+1.

I.4.2. As regards prices charged for current subscriptions, the revision will be made by taking account of any increase in the publishers' prices and/or delivery charges for the year N+1. The revision of prices will be limited to the increase in subscription prices by the publishers and/or the increase in delivery charges, exclusive of VAT in both cases.

I.4.3. As regards prices charged for new subscriptions, the revision of prices will be limited to the application of the percentage in relation to the publisher's list price tendered by the contractor to the new publishers' list price, exclusive of VAT in both cases.

I.4.4. The contractor shall provide, within the request in writing provided for in section 1.4.1, details of the calculation of the revision of subscription prices and the relevant supporting

¹³⁸ Indicate the currency in which the tender has been submitted.

documents. The Court of Justice will accept the revision of prices after verification of the factors referred to in the request.

- I.4.5.** As from the second year, the Court of Justice may also propose, until 20 November of the year N, the revision of prices taking into consideration any reduction, for the year N+1, in the publishers' subscription prices and/or delivery charges (with respect to prices for current subscriptions) or in the publisher's list prices (with respect to prices for new subscriptions). Before adopting a decision on that matter, the Court of Justice will give the contractor the opportunity to submit observations on the supporting documents relied on by the Court.
- I.4.6.** With the agreement of the Court of Justice and on renewal of the contract, the new prices shall apply from the date of the first purchase for the year N+1. Orders shall be placed on the basis of the prices charged on the date of the commencement of the subscription. Those prices shall be fixed for the duration of the order.

ARTICLE I.5 – PAYMENT ARRANGEMENTS AND PERFORMANCE OF THE FRAMEWORK CONTRACT

I.5.1 Multiple framework contract in cascade

Orders shall be placed and executed in accordance with Article II.1.1, 'Purchase Orders', of the General Conditions.

When the contracting authority sends a Purchase Order to the contractor, the latter must, within a period of 5 working days from the date of receipt of the Purchase Order, send back to the Court of Justice an original copy of the Purchase Order, duly signed and dated.

The period allowed for the execution of the tasks shall start to run on the date the contractor signs the Purchase Order, unless a different date is indicated on the form.

If the contractor is unavailable, he shall give reasons for refusal within a period of 5 working days and the contracting authority shall be entitled to send the Purchase Order to the next-ranking contractor on the list. If that time limit is not met, the contractor shall be deemed to be unavailable.

If the contractor is deemed to be unavailable or partially available, the Court of Justice shall be entitled to send the Purchase Order for supplies not yet covered to the contractor ranked immediately after the supplier in question, according to the ranking resulting from the call for tenders. The procedure shall commence with the contractor ranked first and shall end with the contractor ranked third (principle of in cascade contract).

A contractor may also be deemed to be unavailable or partially unavailable in the event of:

- a) Non-compliance with the time limits laid down in section III.3 of the tender specifications with respect to the tender of prices for new subscriptions;
- b) force majeure laid down in Article II.10 ;
- c) termination of a Purchase Order.

The inability of contractors to submit a valid proposal shall not be deemed to constitute default under the contract and shall therefore not constitute a ground for terminating the contract, nor for changing the order in which the contractors are ranked.

By way of exception to the preceding paragraph, and without prejudice to the option of imposing an administrative penalty for false statements, in the first year of the FWC, the inability of a contractor to submit a valid proposal for current subscriptions for which that contractor had stated a price in its economic tender may entail the termination of its FWC or alteration of its ranking in the cascade where, if it had submitted that tender without the prices corresponding to those subscriptions, it would not have been awarded the contract or would have been awarded the contract with a different ranking in the cascade, respectively, taking into consideration the award criterion relating to the number of titles.

I.5.2 Delivery

Delivery is to be made in accordance with the instructions of the contracting authority, the tender specifications and Article II.1.2 of the General Conditions ‘Delivery’.

Periodicals supplied in paper format are to be delivered to the building of the Court of Justice housing its library, situated in Luxembourg.

The address will be notified on the Purchase Orders and may be amended on the instruction of the Court of Justice.

All deliveries shall be made on any working day between 0900 and 1600 at the place agreed for delivery.

Subscriptions in electronic format shall be delivered according to arrangements to be agreed for individual access.

I.5.3. Payment

To be acceptable, requests for payment must be accompanied by the invoices concerned, referring clearly to :

- the identity of the contractor;
- the reference number of the contract and the Purchase Order of the Court of Justice to which they relate;
- the publication references (classification mark, year of publication, title of the periodical or yearbook) and the format ;

- the purchase number and either the period covered by the subscription, or the issues received that are invoiced ;
- the number of copies ;
- the fact that the contractor has purchased the subscription from the publisher ;
- the amount, currency and date ;
- the bank account number stated in this FWC.

The Court of Justice shall have a period of thirty (30) days from receipt to approve and pay or to reject an invoice. The Court reserves the right to request the contractor to produce, before an invoice is paid, documentary evidence of the purchase from the publisher. The contractor shall have a period of fifteen (15) days to produce such evidence.

Approval of the invoice and documents shall not imply recognition of the regularity or of the authenticity, completeness and correctness of the declarations and information they contain.

ARTICLE I.6. – LIABILITY OF THE CONTRACTOR IN THE EVENT OF DELAY OR FAILURE TO DELIVER

I.6.1. Non-compliance with time limits for delivery

The contractor undertakes to adopt all measures necessary to ensure delivery of issues of ordered periodicals within the time limits fixed in Section III.6. ‘Time allowed for delivery’, in the tender specifications.

In the event of delay in the delivery of an issue, the Court of Justice shall send a complaint to the contractor. The contractor must reply to the complaint within a period of 5 working days.

If the issue concerned is not delivered to the Court of Justice in the format that is the subject of the complaint within a period of 15 calendar days from the date of the first complaint, when it has been published before that date, the Court of Justice shall send a second complaint to the contractor. The latter shall be bound to compensate the Court of Justice to the amount of 1% of the price of the issue concerned per calendar day of delay from the date of the second complaint, in accordance with the provisions of Article II.11.

If the issue concerned is not delivered to the Court of Justice in the format that is the subject of the complaint within a period of 15 calendar days from the date of the second complaint, without prejudice to the provision of compensation for delay set out in the preceding paragraph, the Court of Justice may, after giving formal notice to the contractor requiring delivery within an additional period, obtain from a third party the issue that was not delivered. In that case, the contractor must compensate the Court of Justice for the amount of the price, including all costs, paid by the Court of Justice for the issue that was not delivered. The compensation for delay set out in the preceding paragraph shall be payable until the final day of the additional period for delivery granted to the contractor in the formal notice.

If non-compliance with the time limits for delivery affects more than 25% of the issues of an annual subscription for one and the same periodical, and without prejudice to the application of the measures provided for in the preceding paragraphs, the Court of Justice may terminate the Purchase Order relating to that subscription and demand compensation for all damages caused in accordance with Article II.13.3. That compensation shall include, inter alia, reimbursement of additional costs incurred by the Court of Justice in order to obtain from a third party the issues not delivered by the contracting party, as a consequence of termination of the contract.

If non-compliance with the time limits for delivery affects, wholly or partly, in the course of a year, 10% or more of the subscriptions ordered from a contractor, and without prejudice to the application of the measures provided for in the preceding paragraphs, the contractor shall be bound to pay to the Court of Justice an indemnity by way of compensation amounting to 5% of the total price paid by the Court of Justice for the subscriptions concerned.

I.6.2 Delivery of a defective issue

In the event of delivery of a defective issue, the Court of Justice shall send a complaint to the contractor. The latter shall be bound to repair the defect at its own expense or to replace the issue within a reasonable period of time. The provisions set out in Article I.6.1 shall apply.

I.6.3 Non-publication or late publication of the periodicals

Non-publication or late publication by the publisher of periodical shall constitute cases of force majeure such as to justify suspension by the contractor of performance of all or part of a Purchase Order, under Article II.12 of the FWC.

In any event, the Court of Justice may terminate the Purchase Order with respect to the issue or issues publication of which has been delayed by more than eight months in relation to the date of delivery specified in the Purchase Order.

ARTICLE I.7 – BANK ACCOUNT

Payments shall be made to the contractor's bank account denominated in the currency laid down in Article I.3.2, identified as follows:

Name of bank:

Full address of branch:

Exact designation of account holder:

Full account number including [bank] codes:

[IBAN¹³⁹ code:]

¹³⁹ BIC or SWIFT code for countries with no IBAN code.

In order to avoid any delay in the payment of the sums due to it, the contractor shall take care to communicate immediately any changes in its bank details, by means of a document, in paper or electronic format, certified by the bank concerned.¹⁴⁰

ARTICLE I.8 – MEANS OF COMMUNICATION AND DATA CONTROLLER

For the purposes of Article II.6, the data controller is the Court of Justice of the European Union.

Any communication relating to the contract or its application shall be made in writing on paper or by electronic means and shall specify the contract number. Ordinary mail shall be deemed to be received by the Court of Justice on the date of its recording by the department responsible, indicated below.

Any electronic communication must be confirmed by a paper version if either of the parties so requests.

Communications are to be sent to the following addresses:

Contracting authority:

Court of Justice of the European Union

Library Directorate

TB/01 LB0042

L-2925 Luxembourg

E-mail : Acquisitions.Biblio_c@curia.europa.eu

Contractor:

[Full name]

[Position]

[Company name]

[Full official address]

E-mail: [to be completed]

ARTICLE I.9 – APPLICABLE LAW AND SETTLEMENT OF DISPUTES

I.9.1 The FWC shall be governed by European Union law, complemented, where necessary, by the substantive law (domestic) of Luxembourg.

140 The financial identification form is available at:

http://ec.europa.eu/budget/contracts_grants/info_contracts/financial_id/financial_id_en.cfm#en

I.9.2 Any dispute between the parties in relation to the interpretation, application or validity of the FWC which cannot be settled amicably shall be brought before the courts of Luxembourg.

In the event of a dispute, each party will bear itself the costs and fees of their legal, technical or other advisers, such outlays being excluded from any reparable damages.

ARTICLE I.10 – TERMINATION BY EITHER PARTY

Either party may, unilaterally and without being required to pay compensation, terminate wholly or partially either the FWC or the FWC and Purchase Orders by formally notifying the other party and by giving six months' notice. Should the contracting authority terminate the FWC or Purchase Orders, the contractor shall only be entitled to payment corresponding to the supplies ordered and delivered before the termination date. Article II.13.3 shall apply.

II – GENERAL CONDITIONS FOR SUPPLY FRAMEWORK CONTRACTS

ARTICLE II.1 – PERFORMANCE OF THE CONTRACT

II.1.1 Purchase Orders

Whenever the contracting authority wishes products to be supplied, it shall send a Purchase Order to the contractor, in duplicate, specifying the terms of supply of the products, such as quantity, designation, quality, price, place of delivery and time allowed for delivery, in accordance with the conditions laid down in the FWC.

Within the period indicated in Article I.5, the contractor shall return one original of the Purchase Order, duly signed and dated, thereby acknowledging receipt of the Purchase Order and acceptance of the terms.

II.1.2 Delivery

a) Time allowed for delivery

The time allowed for delivery shall be calculated in accordance with Article I.5.2.

b) Date, time and place of delivery

The contracting authority shall be notified in writing of the exact date of delivery within the period indicated in Article I.5.2. All deliveries shall be made at the agreed place of delivery during the hours indicated in Article I.5.2.

The contractor shall bear all costs and risks involved in delivering the supplies to the place of delivery.

c) Consignment note (**not applicable**)

Each delivery shall be accompanied by a consignment note in duplicate, duly signed and dated by the contractor or his carrier, giving the Purchase Order number and particulars of the supplies delivered. One copy of the consignment note shall be countersigned by the contracting authority and returned to the contractor or to his carrier.

II.1.3 Receipt of periodicals

Receipt of a delivery by the Court shall constitute mere acknowledgement of the delivery of periodicals, and not an acknowledgement that they comply with the Purchase Order.

If, for reasons attributable to the contractor, the contracting authority is not able to receive the supplies, the contractor shall be advised according to the provisions laid down in Section 12.1 of the tender Specifications.

II.1.4 Conformity of the supplies delivered with the FWC

- a) The supplies delivered by the contractor to the contracting authority must be in conformity in quantity, quality, price and packaging with the FWC and the Purchase Order concerned.
- b) The supplies delivered must:
 - i) correspond to the description given in the tender specifications (Annex I) and possess the characteristics of the supplies provided by the contractor to the contracting authority as a sample or model;
 - ii) be fit for any specific purpose required of them by the contracting authority and made known to the contractor at the time of conclusion of this FWC and accepted by the contractor;
 - iii) be fit for the purposes for which supplies of the same type are normally used;
 - iv) demonstrate the quality and performance which are normal in supplies of the same type and which the contracting authority can reasonably expect, given the nature of the supplies and taking into account any public statements on the specific characteristics of the supplies made by the contractor, the producer or its representative, particularly in advertising or on labelling;
 - v) be packaged according to the usual method for supplies of the same type or, failing this, in a way designed to preserve and protect them.

II.1.5 Consequences of lack of conformity

- a) The contractor shall be liable to the contracting authority for any lack of conformity which exists at the time the supplies are verified.
- b) In the event of lack of conformity, without prejudice to Article II.11 on liquidated damages applicable to the total price of the supplies concerned, the contracting authority shall be entitled:
 - i) either to have the supplies brought into conformity, free of charge, by repair or replacement;
 - ii) obtain an appropriate reduction in the price of the subscription concerned or reimbursement of the value of the defective copy.
- c) Any repair or replacement must take place within a reasonable time and must not cause any significant inconvenience to the contracting authority, taking account of the nature of the supplies and their intended use.
- d) The term ‘free of charge’ in paragraph b) refers to the costs of bringing the supplies into conformity, particularly the costs of postage, labour and materials.

II.1.6 Assembly (not applicable)

If required by the tender specifications (Annex I), the contractor shall assemble the supplies delivered within a period of one month unless otherwise specified in the special conditions.

Any lack of conformity resulting from incorrect installation of the supplies delivered shall be deemed to be equivalent to lack of conformity of the supplies if installation forms part of the FWC

and the supplies were installed by the contractor or under his responsibility. This shall apply equally if the product was to be installed by the contracting authority and was incorrectly installed owing to a shortcoming in the installation instructions.

II.1.7 Services associated with the supplies

If required by the tender specifications (Annex I), services associated with the supplies shall be provided accordingly.

II.1.8 General provisions concerning supplies

The supplies shall be packaged in strong boxes or crates or in any other way that ensures that the contents remain intact and prevents damage or deterioration. Packaging, pallets, etc., including contents, shall not weigh more than 500 kg.

Unless otherwise specified in the special conditions or in the tender specifications (Annex I), pallets shall be considered as one-way packaging and shall not be returned. Each box shall be clearly labelled with the following information:

- i) name of contracting authority and address for delivery;
- ii) name of contractor;
- iii) description of contents;
- iv) date of delivery;
- v) number and date of the Purchase Order;
- vi) the code number of the Court of Justice assigned to the article.

II.1.9 General provisions on performance of the FWC

- a) The contractor shall perform the FWC to the highest professional standard.
- b) The contractor shall be solely responsible for taking the necessary steps to obtain any permit or licence required for performance of the FWC under the laws and regulations in force at the place where the Purchase Orders are to be executed.
- c) Any reference made to the contractor's personnel in the contract shall relate exclusively to individuals involved in the performance of the FWC.
- d) The contractor must ensure that any personnel performing the FWC possess the professional qualifications and experience required for execution of the Purchase Orders assigned to it.
- e) The contractor shall neither represent the contracting authority nor behave in any way that would give such an impression. The contractor shall inform third parties that it does not belong to the European public service.
- f) The contractor shall be solely responsible for the personnel who execute the tasks assigned to the contractor.

The contractor shall stipulate the following employment or service relationships with its personnel:

- i) personnel executing the tasks assigned to the contractor may not be given orders directly by the contracting authority;
 - ii) the contracting authority may not under any circumstances be considered to be the employer of the personnel referred to in point (i) and the personnel shall undertake not to invoke against the contracting authority any right arising from the contractual relationship between the contracting authority and the contractor.
- g) In the event of disruption resulting from the action of a member of the contractor's personnel working on the contracting authority's premises or in the event that the expertise of a member of the contractor's personnel fails to correspond to the profile required by the FWC, the contractor shall replace him/her without delay. The contracting authority shall have the right to make a reasoned request for the replacement of such personnel. The replacement personnel must have the necessary qualifications and be capable of performing the FWC under the same contractual conditions. The contractor shall be responsible for any delay in the execution of the Purchase Orders resulting from the replacement of personnel.
- h) Should the execution of the FWC be directly or indirectly hampered, either partially or totally, by any unforeseen event, action or omission, the contractor shall immediately and at its own initiative record it and report it to the contracting authority. The report shall include a description of the problem and an indication of the date on which it started and of the remedial action taken by the contractor to ensure full compliance with its obligations under this FWC. In such an event the contractor shall give priority to solving the problem rather than determining liability.
- i) Should the contractor fail to perform its obligations under the FWC, the contracting authority may - without prejudice to its right to terminate the FWC - reduce or recover payments in proportion to the scale of the unperformed obligations. In addition, the contracting authority may claim compensation or impose liquidated damages in accordance with Article II.11.
- j) The contractor, and, where appropriate, its subcontractors will comply with the obligations applicable in the fields of environmental, social and labour law established by European Union law, national legislation, collective agreements or international conventions applicable in the field of social and labour law listed in Annex X to Directive 2014/24/EU.

II.1.10 Minimum requirements relating to the performance of the FWC

'The contractor must satisfy the minimum requirements laid down in the tender specifications. That includes compliance with the obligations applicable in the fields of environmental, social and labour law established by European Union law, national legislation, collective agreements or provision of international law in the fields of environmental social and labour law listed in Annex X to Directive 2014/24/EU¹⁴¹.'

¹⁴¹

OJ L 94 of 28.3.2014, p. 65.

ARTICLE II.2 – MEANS OF COMMUNICATION

II.2.1 Any communication relating to the FWC or to its performance shall be made in writing and shall bear the FWC number. Any communication is deemed to have been made when it is received by the receiving party unless otherwise provided for in this contract.

II.2.2 Electronic communication shall be deemed to have been received by the parties on the day of dispatch of that communication provided it is sent to the addressees listed in Article I.8. Without prejudice to the preceding, if the sending party receives a message of non-delivery to or of absence of the addressee, it shall make every effort to ensure the actual receipt of such communication by the other party.

Electronic communication shall be confirmed by an original signed paper version of that communication if requested by any of the parties provided that this request is submitted without unjustified delay. The sender shall send the original signed paper version without unjustified delay.

II.2.3 Mail sent using the postal services is deemed to have been received by the contracting authority on the date on which it is registered by the department responsible referred to in Article I.8.

Any formal notification shall be made by registered mail with return receipt or equivalent, or by equivalent electronic means.

ARTICLE II.3 - LIABILITY

II.3.1 The contractor shall be solely responsible for complying with any legal obligations incumbent on it.

II.3.2 The contracting authority shall not be held liable for any damage caused or sustained by the contractor, including any damage caused by the contractor to third parties during or as a consequence of performance of the FWC, except in the event of wilful misconduct or gross negligence on the part of the contracting authority.

II.3.3 The contractor shall be held liable for any loss or damage sustained by the contracting authority in performance of the FWC, including in the event of subcontracting, and for any claim by a third party, but only to an amount not exceeding three times the total amount of the relevant Purchase Order. Nevertheless, if the damage or loss is caused by the gross negligence or wilful misconduct of the contractor or of its personnel or subcontractors, the contractor shall have unlimited liability for the amount of the damage or loss.

II.3.4 The contractor shall indemnify and hold the Union harmless for all damages and costs incurred due to any claim. The contractor shall provide compensation in the event of any action, claim or proceeding brought against the contracting authority by a third party as a result of damage caused by the contractor during the performance of the FWC. In the event

of any action brought by a third party against the contracting authority in connection with the performance of the FWC, the contractor shall assist the contracting authority. Such expenditure incurred by the contractor may be borne by the contracting authority.

- II.3.5** The contractor shall take out an insurance policy against risks and damage relating to the performance of the FWC, if required by the relevant applicable legislation. It shall take out supplementary insurance as reasonably required by standard practice in the industry. A copy of all the relevant insurance contracts shall be sent to the contracting authority should it so request.

ARTICLE II.4 - CONFLICT OF INTEREST

- II.4.1** The contractor shall take all the necessary measures to prevent any situation of conflict of interest. Such situation arises where the impartial and objective performance of the FWC is compromised for reasons involving economic interest, political or national affinity, family or emotional ties, or any other shared interest.
- II.4.2** Any situation constituting or likely to lead to a conflict of interest during the performance of the FWC shall be notified to the contracting authority in writing without delay. The contractor shall immediately take all the necessary steps to rectify the situation. The contracting authority reserves the right to verify that the steps taken are appropriate and may require that additional steps be taken within a specified deadline.
- II.4.3** The contractor declares that it has not granted and will not grant, has not sought and will not seek, has not attempted and will not attempt to obtain and has not accepted and will not accept, any advantage, financial or in kind, to or from any party whatsoever, when such advantage constitutes an illegal practice or involves corruption, either directly or indirectly, in so far as it serves as an incentive or reward relating to the performance of the FWC.
- II.4.4** The contractor shall pass on all the relevant obligations in writing to its personnel and to any natural person with the power to represent it or take decisions on its behalf and ensure that it is not placed in a situation which could give rise to conflicts of interest. The contractor shall also pass on all the relevant obligations in writing to third parties involved in the performance of the FWC including subcontractors.

ARTICLE II.5 – CONFIDENTIALITY

- II.5.1.** The contracting authority and the contractor shall treat with confidentiality any information and documents, in any form, disclosed in writing or orally in relation to the performance of the FWC and identified in writing as confidential.

The contractor shall:

- a) not use confidential information and documents for any purpose other than fulfilling its obligations under the FWC or Purchase Order without prior written agreement of the contracting authority;

- b) ensure the protection of such confidential information and documents with the same level of protection it uses to protect its own confidential information, but in no case any less than reasonable care;
- c) not disclose directly or indirectly confidential information and documents to third parties without prior written agreement of the contracting authority.

II.5.2 The confidentiality obligation set out in Article II.5.1 shall be binding on the contracting authority and the contractor during the performance of the FWC and for five years starting from the date of the payment of the balance unless:

- a) the party concerned agrees to release the other party from the confidentiality obligation earlier;
- b) the confidential information becomes public through means other than in breach of the confidentiality obligation, through disclosure by the party bound by that obligation;
- c) the disclosure of the confidential information is required by law.

II.5.3 The contractor shall obtain from any natural person with the power to represent it or take decisions on its behalf, as well as from third parties involved in the performance of the FWC or Purchase Order an undertaking that they will comply with the confidentiality obligation set out in Article II.5.1.1.

ARTICLE II.6 – PROCESSING OF PERSONAL DATA

II.6.1. Personal data must be processed in accordance with the requirements of Regulation (EC) No 45/2001 of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data. That data shall be processed by the data controller exclusively for the purposes of the performance, management and follow-up of the framework contract without prejudice to any transfer of that data to the bodies responsible for a monitoring or inspection task in accordance with European Union law.

II.6.2 The contractor shall have the right to access its personal data and the right to rectify any such data. The contractor should address any queries concerning the processing of its personal data to the data controller.

II.6.3 The contractor shall have right of recourse at any time to the European Data Protection Supervisor.

II.6.4 Where the FWC requires the processing of personal data by the contractor, the contractor may act only under the supervision of the data controller, in particular with regard to the purposes of the processing, the categories of data which may be processed, the recipients of the data and the means by which the data subject may exercise his rights.

II.6.5 The contractor shall grant to its *personnel* access to the data to the extent strictly necessary for the performance, management and monitoring of the FWC.

II.6.6 The contractor undertakes to adopt appropriate technical and organisational security measures having regard to the risks inherent in the processing and to the nature of the personal data concerned in order to:

- (a) prevent any unauthorised person from gaining access to computer systems processing personal data, and especially:
 - (i) unauthorised reading, copying, alteration or removal of storage media;
 - (ii) unauthorised data input, as well as any unauthorised disclosure, alteration or erasure of stored personal data;
 - (iii) unauthorised use of data-processing systems by means of data transmission facilities;
- (b) ensure that authorised users of a data-processing system can access only the personal data to which their access right refers;
- (c) record which personal data have been communicated, when and to whom;
- (d) ensure that personal data being processed on behalf of third parties can be processed only in the manner prescribed by the contracting authority;
- (e) ensure that, during communication of personal data and transport of storage media, the data cannot be read, copied or erased without authorisation;
- (f) design its organisational structure in such a way that it meets data protection requirements.

ARTICLE II.7 – SUBCONTRACTING

II.7.1 The contractor shall not subcontract without prior written authorisation from the contracting authority nor cause the FWC to be de facto performed by third parties.

II.7.2 Even where the contracting authority authorises the contractor to subcontract to third parties, the contractor shall nevertheless remain bound by its contractual obligations and shall be solely responsible for the proper performance of this FWC.

II.7.3 The contractor shall make sure that the subcontract does not affect rights and guarantees granted to the contracting authority by virtue of this FWC, notably by Article II.16.

II.7.4 The contractor shall replace a subcontractor that is in an exclusion situation, that does not satisfy a specific selection criterion or does not comply with the applicable obligations in the fields of social, environmental and labour law established by European Union law, national law, collective agreements or by international conventions applicable in the fields of social and labour law listed in Annex X to Directive 2014/24/EU.

ARTICLE II.8 – AMENDMENTS

- II.8.1** Any amendment to the FWC or Purchase Order shall be made in writing before the performance of any contractual obligations. A Purchase Order may not be deemed to constitute an amendment to the FWC.
- II.8.2** The amendment may not have the purpose or the effect of making changes to the FWC or to Purchase Orders which might call into question the decision awarding the FWC or Purchase Order or result in unequal treatment of tenderers or contractors.

ARTICLE II.9 – ASSIGNMENT

- II.9.1** The contractor shall not assign the rights, including claims for payments, and obligations arising from the FWC, in whole or in part, without prior written authorisation from the contracting authority.
- II.9.2** In the absence of such authorisation, or in the event of failure to observe the terms thereof, the assignment of rights or obligations by the contractor shall not be enforceable against the contracting authority and shall have no effect on it.

ARTICLE II.10 – FORCE MAJEURE

- II.10.1** ‘Force majeure’ means any unforeseeable and exceptional situation or event beyond the parties’ control which prevents either of them from fulfilling any of their obligations under the FWC, which was not attributable to error or negligence on their part or on the part of subcontractors and which proves to be inevitable in spite of exercising due diligence. Any default of a service, defect in equipment or material or delays in making them available, unless they stem directly from a relevant case of force majeure, as well as labour disputes, strikes or financial difficulties, cannot be invoked as force majeure.
- II.10.2** A party faced with force majeure shall formally notify the other party without delay, stating the nature, likely duration and foreseeable effects.
- II.10.3** The party faced with force majeure shall not be held in breach of its contractual obligations if it has been prevented from fulfilling them by force majeure. Where the contractor is unable to fulfil its contractual obligations owing to force majeure, it shall have the right to remuneration only for the tasks actually executed.
- II.10.4** The parties shall take all the necessary measures to limit any damage due to force majeure.

ARTICLE II.11 – LIQUIDATED DAMAGES

The contracting authority may impose liquidated damages should the contractor fail to complete its contractual obligations, also with regard to the required quality level, according to the tender specifications.

Should the contractor fail to perform its contractual obligations within the time limits set by the FWC or the relevant Purchase Order, then, without prejudice to the contractor's actual or potential liability or to the contracting authority's right to terminate the FWC or the relevant Purchase Order, the contracting authority may impose liquidated damages for each and every calendar day of delay according to the following formula:

$$D = V \times d \times 0.01$$

Where

D is the amount of liquidated damages;

V is the price of the purchase concerned ;

d is the number of calendar days of delay.

The contractor may submit arguments against this decision within 30 days of receipt of the formal notification. In the absence of a reaction on its part or of written withdrawal by the contracting authority within 30 days of the receipt of such arguments, the decision imposing the liquidated damages shall become enforceable.

The parties expressly acknowledge and agree that any sums payable under this article are in the nature of liquidated damages and not penalties, and represent a reasonable estimate of fair compensation for the losses incurred due to failure to fulfil obligations which may be reasonably anticipated.

ARTICLE II.12 – SUSPENSION OF THE PERFORMANCE OF THE FWC

II.12.1 Suspension by the contractor

The contractor may suspend the performance of the FWC or Purchase Order or any part thereof if a case of force majeure makes such performance impossible or excessively difficult. The contractor shall inform the contracting authority about the suspension without delay, giving all the necessary reasons and details and the envisaged date for resuming the performance of the FWC or Purchase Order.

Once circumstances allow performance to be resumed, the contractor shall inform the contracting authority immediately, unless the contracting authority has already terminated the FWC or Purchase Order.

II.12.2 Suspension by the contracting authority

The contracting authority may suspend the performance of the FWC or Purchase Order or any part thereof):

- a) if the FWC or Purchase Order award procedure or the performance of the FWC prove to have been subject to substantial errors, irregularities or fraud;
- b) in order to verify whether presumed substantial errors, irregularities or fraud have actually occurred.

Suspension shall take effect on the day the contractor receives formal notification, or at a later date where the notification so provides. The contracting authority shall as soon as possible give notice to the contractor to resume the service suspended or inform the contractor that it is proceeding with termination of the FWC or Purchase Order. The contractor shall not be entitled to claim compensation on account of suspension of the FWC or Purchase Order or of part thereof.

ARTICLE II.13 – TERMINATION OF THE FWC

II.13.1 Grounds for termination

The contracting authority may terminate the FWC or a Purchase Order respectively in the following circumstances:

- a) if a change to the contractor's legal, financial, technical or organisational or ownership situation is likely to affect the performance of the FWC or Purchase Order substantially or call into question the decision to award the FWC;
- b) if execution of the tasks under a pending Purchase Order has not actually commenced within 15 days of the date provided, and the new date proposed, if any, is considered unacceptable by the contracting authority, taking into account article II.8.2;
- c) if the contractor does not perform the FWC or a Purchase Order as established in the tender specifications or fails to fulfil another substantial contractual obligation; termination of three or more Purchase Orders on this ground shall constitute ground for termination of the FWC;
- d) in the event of force majeure notified in accordance with Article II.10 or if the performance of the FWC or Purchase Order has been suspended by the contractor as a result of force majeure, notified in accordance with Article II.12, where either resuming performance is impossible or the modifications to the FWC or Purchase Order might call into question the decision awarding the FWC or Purchase Order, or result in unequal treatment of tenderers or contractors;

- e) if the contractor is declared bankrupt, is being wound up, is having its affairs administered by the courts, has entered into an arrangement with creditors, has suspended business activities, is the subject of proceedings concerning those matters, or is in any analogous situation arising from a similar procedure provided for in national legislation or regulations;
- f) if the contractor or any natural person with the power to represent it or take decisions on its behalf has been found guilty of professional misconduct proven by any means;
- g) if the contractor is not in compliance with its obligations relating to the payment of social security contributions or the payment of taxes in accordance with the legal provisions of the country in which it is established or with those of the country of the applicable law of this FWC or those of the country where the FWC is to be performed;
- h) if the contracting authority has evidence that the contractor or any natural persons with the power to represent it or take decisions on its behalf have committed fraud, corruption, or are involved in a criminal organisation, money laundering or any other illegal activity detrimental to the Union's financial interests;
- i) if the contracting authority has evidence that the contractor or any natural persons with the power to represent it or take decisions on its behalf have committed substantial errors, irregularities or fraud in the award procedure or the performance of the FWC, including in the event of submission of false information;
- j) if the contractor is unable, through its own fault, to obtain any permit or licence required for performance of the FWC or Purchase Order;
- k) if the needs of the contracting authority change and it no longer requires new supplies under the FWC.
- l) if the contractor or, as the case may be, its subcontractors, does not comply with the applicable obligations in the fields of social, environmental and labour law established by European Union law, national law, collective agreements or by international conventions applicable in the fields of social and labour law listed in Annex X to Directive 2014/24/EU.

II.13.2 Procedure for termination

When the contracting authority intends to terminate the FWC or Purchase Order it shall formally notify the contractor of its intention specifying the grounds thereof. The contracting authority shall invite the contractor to make any observations and, in the case of point (c) of Article II.13.1, to inform the contracting authority about the measures taken to continue the fulfilment of its contractual obligations, within 30 days from receipt of the notification.

If the contracting authority does not confirm acceptance of these observations by giving written approval within 30 days of receipt, the termination procedure shall proceed. In any case of termination the contracting authority shall formally notify the contractor of its decision to terminate the FWC or Purchase Order. In the cases referred to in points (a), (b), (c), (e), (g), (j), (k) and (l) of Article II.13.1 the formal notification shall specify the date on which the termination takes effect. In the cases referred to in points (d), (f), (h), and (i) of Article II.13.1 the termination shall take effect on the day following the date on which notification of termination is received by the contractor.

II.13.3 Effects of termination

In the event of termination, the contractor shall waive any claim for consequential damages, including any loss of anticipated profits for uncompleted work. On receipt of the notification of termination, the contractor shall take all the appropriate measures to minimise costs, prevent damages, and cancel or reduce its commitments. The contractor shall have 60 days from the date of termination to draw up the documents required by the special conditions or Purchase Orders for the tasks already executed on the date of termination and produce an invoice if necessary. The contracting authority may recover any amounts paid under the FWC.

The contracting authority may claim compensation for any damage suffered in the event of termination.

On termination the contracting authority may engage any other contractor to deliver the supplies or provide or complete the associated services. The contracting authority shall be entitled to claim from the contractor all extra costs incurred in this regard, without prejudice to any other rights or guarantees it may have under the FWC.

ARTICLE II.14 – REPORTING AND PAYMENTS

II.14.1 Date of payment

Payments shall be deemed to be effected on the date when they are debited to the contracting authority's account.

II.14.2 Currency

The FWC shall be in euros.

Payments shall be executed in euros or in the local currency as provided for in Article I.3.2.

Conversion between the euro and another currency shall be made according to the daily euro exchange rate published in the *Official Journal of the European Union* or, failing that, at the monthly accounting exchange rate established by the European Commission and published on its website, applicable on the day on which the payment order is issued by the contracting authority.

II.14.3 Costs of transfer

The costs of the transfer shall be borne in the following way:

- a) costs of dispatch charged by the bank of the contracting authority shall be borne by the contracting authority;
- b) costs of receipt charged by the bank of the contractor shall be borne by the contractor;
- c) costs for repeated transfer caused by one of the parties shall be borne by the party causing repetition of the transfer.

II.14.4 Invoices and Value Added Tax

Invoices shall contain the contractor's identification, the amount, the currency and the date, as well as the FWC reference and the Purchase Order reference.

Invoices shall indicate the place of taxation of the contractor for value added tax (VAT) purposes and shall specify separately the amounts not including VAT and the amounts including VAT.

The contracting authority is, as a rule, exempt from all taxes and duties, including VAT, pursuant to the provisions of Articles 3 and 4 of the Protocol on the Privileges and Immunities of the European Union.

The contractor shall accordingly complete the necessary formalities with the relevant authorities to ensure that the supplies and services required for performance of the FWC are exempt from taxes and duties, including VAT exemption.

II.14.5 Suspension of period for payment

The contracting authority may suspend the payment periods specified in Article I.5 at any time by notifying the contractor that its invoice cannot be processed, either because it does not comply with the provisions of the FWC, or because the appropriate documents have not been produced.

The contracting authority shall inform the contractor in writing as soon as possible of any such suspension, giving the reasons for it.

Suspension shall take effect on the date the notification is sent by the contracting authority. The remaining payment period shall start to run again from the date on which the requested information or revised documents are received or the necessary further verification, including on-the-spot checks, is carried out. Where the suspension period exceeds two months, the contractor may request the contracting authority to justify the continued suspension.

Where the payment periods have been suspended following rejection of a document referred to in the first paragraph and the new document produced is also rejected, the contracting authority reserves the right to terminate the Purchase Order in accordance with Article II.13.1(c).

II.14.6 Interest on late payment

On expiry of the payment periods specified in Article I.5, and without prejudice to Article II.14.5, the contractor is entitled to interest on late payment at the rate applied by the European Central Bank for its main refinancing operations in Euros (the reference rate) plus eight points. The reference rate shall be the rate in force on the first day of the month in which the payment period ends, as published in the C series of the *Official Journal of the European Union*.

The suspension of the payment period in accordance with Article II.14.5 may not be considered as a late payment.

Interest on late payment shall cover the period running from the day following the due date for payment up to and including the date of actual payment as defined in Article II.14.1.

However, when the calculated interest is lower than or equal to EUR 200, it shall be paid to the contractor only upon request submitted within two months of receiving late payment.

ARTICLE II.15 – RECOVERY

- II.15.1** If an amount is to be recovered under the terms of the FWC, the contractor shall repay the contracting authority the amount in question according to the terms and by the date specified in the debit note.
- II.15.2** If the obligation to pay the amount due is not honoured by the date set by the contracting authority in the debit note, the amount due shall bear interest at the rate indicated in Article II.14.6. Interest on late payments shall cover the period from the day following the due date for payment up to and including the date when the contracting authority receives the full amount owed.

Any partial payment shall first be entered against charges and interest on late payment and then against the principal amount.

- II.15.3** If payment has not been made by the due date, the contracting authority may, after informing the contractor in writing, recover the amounts due by offsetting them against any amounts owed to the contractor by the Union or by the European Atomic Energy Community or by calling in the financial guarantee, where provided for in Article I.5 or in the Purchase Order.

ARTICLE II.16 – CHECKS AND AUDITS

- II.16.1** The contracting authority and the European Anti-Fraud Office may check or have an audit on the performance of the FWC. It may be carried out either directly by its own staff or by any other outside body authorised to do so on its behalf.

Such checks and audits may be initiated during the performance of the FWC and during a period of five years which starts running from the date of expiry of the FWC.

The audit procedure shall be deemed to be initiated on the date of receipt of the relevant letter sent by the contracting authority. Audits shall be carried out on a confidential basis.

- II.16.2** The contractor shall keep all original documents stored on any appropriate medium, including digitised originals when they are authorised by national law and under the conditions laid down therein, for a period of five years which starts running from the date of expiry of the FWC.
- II.16.3** The contractor shall allow the contracting authority's staff and outside personnel authorised by the contracting authority the appropriate right of access to sites and premises where the FWC is performed and to all the information, including information in electronic format, needed in order to conduct such checks and audits. The contractor shall ensure that the information is readily available at the moment of the check or audit and, if so requested, that information be handed over in an appropriate form.
- II.16.4** On the basis of the findings made during the audit, a provisional report shall be drawn up. It shall be sent to the contractor, which shall have 30 days following the date of receipt to submit observations. The final report shall be sent to the contractor within 60 days following the expiry of that deadline.
- On the basis of the final audit findings, the contracting authority may recover all or part of the payments made and may take any other measures which it considers necessary.
- II.16.5** By virtue of Council Regulation (Euratom, EC) No 2185/96 of 11 November 1996 concerning on-the-spot checks and inspections carried out by the Commission in order to protect the European Communities' financial interests against fraud and other irregularities and Regulation (EU, Euratom) No 883/2013 of the European Parliament and of the Council of 11 September 2013 concerning investigations conducted by the European Anti-Fraud Office (OLAF) and repealing Regulation (EC) No 1073/1999 of the European Parliament and of the Council and Council Regulation (Euratom) No 1074/1999, OLAF may also carry out on-the-spot checks and inspections in accordance with the procedures laid down by European Union law for the protection of the financial interests of the Union against fraud and other irregularities. Where appropriate, the findings may lead to recovery by the contracting authority.
- II.16.6** The European Court of Auditors shall have the same rights as the contracting authority, notably right of access, for the purpose of checks and audits.

Model Purchase Order

 COURT OF JUSTICE OF THE EUROPEAN UNION L-2925 Luxembourg	PURCHASE ORDER 3300006298					
VENDOR : DIVERS FOURNISSEURS - EURO DIVERSES ADRESSES 1210 LUXEMBOURG Luxembourg
