Death of Advocate General Yves Bot

It is with profound sadness that the Court of Justice has to announce the death of Advocate General Yves Bot.

Born in 1947, Mr Yves Bot served as Public Prosecutor at the Regional Court of Paris and later as Principal State Prosecutor at the Court of Appeal of Paris. He had been an Advocate General at the Court of Justice since 7 October 2006.

Mr Yves Bot was a staunch defender of the values of the European Union and worked throughout his career both to make the justice system more humane and to bring it closer to the people whom it serves.
