

## INFORMATION NOTICE CONCERNING THE PROTECTION OF PERSONAL DATA

Everyone has the right to the protection of his or her personal data.

The processing of personal data by the institutions, bodies, offices and agencies of the European Union is governed by Regulation (EU) 2018/1725 (OJ 2018 L 295, p. 39).

This notice provides information on the general system of video surveillance implemented by the institution and explains why and how your data will be used in the context of such processing.

### VIDEO SURVEILLANCE

#### Who is the data controller?

The data controller is the Court of Justice of the European Union.

#### Why does the Court process your data in the context of the video surveillance of its premises?

The institution has implemented a video surveillance system to ensure the general security of persons and property in accordance with the general plan for the overall security of the Court of Justice of the European Union's building complex.

The only data collected by the system are images of the data subjects (persons accessing the institution's premises or on its grounds).

The use of the video surveillance system for security purposes and monitoring access and the processing of the data thus collected is necessary to ensure the proper functioning of the institution and the performance of its public interest task. It contributes to the prevention, deterrence and, if necessary, investigation of such unauthorised physical access.

The video surveillance system is implemented on the basis of internal security rules adopted by the institution, namely, the general plan for the overall security of the institution's building complex and the video surveillance policy.

### **Who has access to your data?**

Only Security Unit staff and, to a lesser extent, security staff from the security firm authorised to access video surveillance data have access to your data. Specialised system maintenance personnel designated for that purpose may also have access to that data, to the extent that such access is necessary in order to carry out system maintenance.

### **How long will your data be stored?**

Data and images are kept for 30 days.

After that period, recordings are automatically deleted.

Some images may be kept for a longer period if this is necessary for the purposes of an investigation or to serve as evidence in relation to a security incident.

### **What are your rights?**

In accordance with the rules applicable to the protection of personal data, you have the right to make a request to the data controller for access to your data and, as the case may be, to request that your data be rectified or deleted, or that the processing of your data be restricted.

In addition, you may object to the processing of your data for reasons relating to your particular situation.

### **How can you exercise your rights regarding the protection of your data? Whom should you contact?**

You may contact the Security Unit data controller as follows:

Email address : securite@curia.europa.eu

Postal address : Court of Justice of the European Union  
Security Unit  
Rue du Fort Niedergrunewald  
L-2925 Luxembourg  
Luxembourg

We will respond to any request made as soon as possible and, in principle, within one

month. This period may be extended where necessary.

You may also contact the Data Protection Officer of the Court of Justice of the European Union: [DataProtectionOfficer@curia.europa.eu](mailto:DataProtectionOfficer@curia.europa.eu).

### **European Data Protection Supervisor**

You have the right to lodge a complaint with the European Data Protection Supervisor if you consider that the processing of personal data concerning you does not comply with Regulation 2018/1725.
